2020 Jansen Volunteer of the Year named

■ submitted by the Village of Jansen

The following is the nomination letter received by the Village of Jansen from one of the residents in Jansen for the 2020 Jansen Volunteer of the Year:

We would like to nominate the “go-to couple” Larry and Aurilda Schindel for the 2020 Jansen Volunteer of the Year award.

No matter what the need: fixing, sewing, nursing care, anything that needs to be done they are your couple. Doing an excellent job.

We will start with Larry. He was born and raised in Jansen, left here for a short time and came back with a beautiful wife to start their life and family. Larry is a behind the scenes kind of guy, never wanting to be in the spotlight. There is nothing that he can’t do or fix. He has fixed or manufactured things in the: community hall (old and new), skating rink, bowling alley, outdoor facility, and community garden. He restored the vintage merry-go-round and the fire bell. The list goes on and on. If you need it fixed, he’s your man. Larry is the first in line to get called when something needs fixing. Larry has been on the executive of the Jansen & District Kinsmen, a member on the recreation board, the elementary school board, a volunteer with the fire department, and a RM councillor for Division 5.

Aurilda has been involved with the formation of the Jansen & District Kinette Club (first president), the Lanigan Regional Home Care, playschool, Jansen School of Dance, Jansen Figure Skating Club, the dinner theatre, Jansen Library Board, Jansen Community Bloomers, and has instructed the baby sitting course.

Aurilda is always happy and willing to use her nursing skills, sewing skills, syrup making, decorating skills, and cooking and cleaning skills. In other words, whatever needs to be done to get the job done.

We are sure others in the community have seen them at work in many other ways. They do so much without wanting recognition. Their door is always open. The commun-

ity has been a better place by having these two members. They lend a hand wherever there is a need.

Larry and Aurilda were blessed with two children: Stu-

art (Hyejin) and Michelle and three grandchildren: Jack, Kate and Emerson.

They are definitely a deserving couple for this award.

You may think that Humboldt Co-op is just another Large Company where the profits go to some Millionaire but in fact, Co-ops are a different kind of business where all profits stay local right in the community.

RCMP Report

Counterfeit \$100 bills

On Dec. 20, 2020 at around 4:30 p.m. Craik rural RCMP received two calls of people trying to pass counterfeit Canadian \$100 bills. Both incidents occurred at businesses in Chamberlain. The male suspect purchased or attempted to purchase cigarettes from the businesses by paying with the counterfeit \$100 and also providing extra coins so the return change would be in large bills. The female who was with the male suspect never asked for anything nor handled the counterfeit money. Both were wearing masks and were observed driving away in an older but good condition red sports car. Police continue to investigate these occurrences and are seeking public as-

sistance.

If you have information please call 310-RCMP for immediate response, or you can call Crime Stoppers at 1-800-222-TIPS (8477).

Collision west of Prince Albert

On Dec. 21, 2020, at approximately 5:30 p.m., Prince Albert RCMP received a report of a head-on collision on Hwy. 3, approximately 5 km west of Prince Albert. RCMP officers, including an RCMP Traffic Reconstructionist, Parkland Ambulance, and Prince Albert and Buckland Fire Departments attended to the location of the collision. Road conditions at the time of the collision were extremely icy.

Preliminary investigation indicates an eastbound

car collided head-on with a westbound truck after the eastbound car pulled into the westbound lane.

The eastbound car had two occupants, a 30-year-old male from Prince Albert and a four-year-old boy from Parkside, who both passed away. The RCMP will not be releasing their names.

The westbound truck had two occupants, a 34-year-old female, and a three-year-old girl, both from the Shellbrook area, who were both taken to hospital with what were reported to be non-life-threatening injuries.

Hwy. 3 between Cedar Avenue and 15th Street Northwest was shutdown and traffic was re-routed for several hours as the investi-

gation was conducted and the scene cleared.

Alcohol is not considered a factor. The investigation is ongoing.

Police issue tickets for unregistered vehicles

In November, police in Saskatchewan caught 341 people driving while suspended and issued 558 tickets for driving an unregistered vehicle or a trailer.

That is according to SGI as the company stated police also issued tickets for the following offences: 221 drivers driving without a valid licence; 102 learner drivers driving without a supervising driver; and 37 drivers who were not complying with a licence endorsement or restriction.

Police in Saskatchewan spent November focusing on suspended drivers and unregistered vehicles as part of SGI's Traffic Safety Spotlight. Driving without a licence, while suspended or when your vehicle is not registered voids your insurance if you cause a collision. If you are caught, penalties include fines, court summons and vehicle impoundments.

Driving while suspended is a safety concern. There are many reasons why someone's licence may be suspended but they are all a result of an authority determining that the driver

is not allowed to operate a vehicle.

Police also reported: 3,867 tickets issued for speeding and aggressive driving; 226 tickets for improper seatbelt or child restraint use; 447 distracted driving tickets (including 384 for using a cellphone while driving); and 357 impaired driving offences (including 294 Criminal Code charges).

Significant increase in church break-ins

The Saskatchewan RCMP Crime Prevention/Crime Reduction Unit (CP/CR) has a mission to reduce crime in Saskatchewan by targeting known criminals and repeat offenders. To do so, it analyzes the features of crimes committed in Saskatchewan and finds patterns of crime.

The CP/CR has recently confirmed the existence of a new criminal trend in Saskatchewan. Since the beginning of the year 2020, there is a significant increase in breaking and entering, thefts, mischief and attempted breaking and entering into Saskatchewan churches.

From January 2020 to November 2020, 64 of these incidents have occurred in 55 churches across Saskatchewan. This represents an increase of 60 percent in break-ins in churches

in Saskatchewan since last year.

This new trend affects churches of all denominations. Nothing indicates these crimes are motivated by hate, racism or ideology.

In most of these incidents, the doors of the church have been opened by force at night, after the church was closed and left vacant. Items such as money, electronics, computers, guitars, safes, freezers and refrigerators were stolen.

The majority (43) of this year's church break-ins occurred in Central Saskatchewan. The churches in this area have seen an increase of 173 percent in break-ins since last year.

Monica Deters, the CP/CR crime analyst who compiled and discovered the extent of the break-in increase, is categorical about what this means:

"This increase in church break-ins is concerning enough that it creates a pattern. Even though the break-ins mostly happened in the Central District and during the summer, this new criminal trend is noticeable because these break-ins happened all year and across Saskatchewan. It is imperative that we all get involved to better secure these buildings."

Saskatchewan RCMP is asking Saskatchewanians to help make church buildings more secure. Stay alert, especially at night, and report any suspicious activity around churches to your local RCMP detachment or police service.

If you are a resident, keep an eye on your community's churches and ensure your religious representatives know about this new increase of break-ins into churches.

If you are a community representative, find ways to discuss the possibility of repurposing and managing abandoned churches in your community.

If you are a church caretaker, lock the doors when the church is empty, secure the objects of value of the church in a locked space, note the identifying features and serial numbers of the electronics and household items of the church and install motion-detector lights, alarms and/or security cameras around the church.

Breaking and entering occurs when someone enters a building without permission with the intent of committing a crime, generally to steal or damage property. It is a Criminal Code offence.

VIDO's COVID-19 vaccine receives clinical trial approval

■ media release

The Vaccine and Infectious Disease Organization (VIDO) at the University of Saskatchewan (USask) has received a notice of authorization from Health Canada to initiate a Phase 1 clinical vaccine trial.

"The approval to initiate a human clinical trial is a milestone for VIDO," said VIDO Director and CEO Dr. Volker Gerdts. "This is the first of our two COVID-19 subunit vaccines in development and demonstrates the quality of our research, development and partnerships."

Subunit-based vaccines are a proven technology that has been used in many commercially available vaccines—including for hepatitis, diphtheria, and whooping cough—with an excellent safety profile. These well-established vaccines are relatively stable and have not required ultra cold

storage temperatures.

The authorization from Health Canada enables the Canadian Center for Vaccinology (CCfV) in Halifax to begin recruiting volunteers for the first Phase 1 clinical trial. CCfV anticipates that the volunteers will be vaccinated in January.

"This is the first university-based COVID-19 vaccine to begin Phase 1 testing at CCfV. The purpose of this trial is to demonstrate the safety of the vaccine in humans," said CCfV Director Dr. Scott Halperin.

Assuming all goes well with the trials and in obtaining regulatory approvals, VIDO expects to have at least one of its vaccines ready for use by late 2021, Gerdts said.

"To have sustainable long-term vaccine access, I think it's important for Canada to continue on with its own vaccines," he said. "COVID-19 is not going to go away."

VIDO's vaccine development leveraged the expertise of

several international and national partners. The adjuvant (Sepivac SWE™) was developed by Seppic in collaboration with the Vaccine Formulation Institute (VFI) and is based on technology recognized for its efficacy and safety in influenza vaccines. The vaccine antigen developed by VIDO was produced under good manufacturing practices (GMP) at Biodextris using a cell line from the National Research Council of Canada.

The clinical trial application for the second vaccine candidate, which uses an adjuvant developed by VIDO and collaborators, will be submitted when GMP manufacturing of the adjuvant is completed by Dalton Pharma Services.

Development of the vaccines is financially supported by the Government of Canada through Western Economic Diversification, and the Government of Saskatchewan through Innovation Saskatchewan.

Carlton Trail College distributes 2020 scholarships and bursaries

■ media release

Heading into the new year, Carlton Trail College was pleased to distribute 43 awards totalling \$39,500 to deserving student recipients. Through its student awards program, Carlton Trail College continues its commitment to provide skills-based, post-secondary education and training for Saskatchewan learners.

"It's been a challenging year for students to continue their education," said Shelley Romanszyn-Cross, Carlton Trail College President and CEO. "More than ever, our college remains committed to providing a range of supports to help students reach their personal, academic and career goals. Our student awards program is one part of this, as we wish all of our learners success in their programs."

New in 2020 was The President's 'Courage to Grow' scholarship, valued at \$2,000, and open to student applicants demonstrating perseverance and resilience.

Due to public health restrictions, the college was unable to host an in-person event this year to acknowledge student award recipients. Instead, recipients and donors will be acknowledged virtually and through other means.

"Given the impact of the pandemic on our economy, we're incredibly grateful to our donors," said Jennifer Brooks, Carlton Trail College Development and Communications Manager. "Thanks to their support, we are able to recognize many students who are pursuing in-demand skills-training programs."

Scholarships and bursaries are funded through donations from individuals, businesses, agencies and organizations. Donations raised by post-secondary institutions in the province are matched by the government-funded Saskatchewan Innovation and Opportunity Scholarship (SIOS) program.

Appreciation is extended to the following donors: Bourgault Industries Ltd.; Carlton Trail College Staff; City of Humboldt; CMI Terminal Inc.; Coleen Bowman, CPA Professional Corp.; Doepker Industries; Financial Services Staff; Flaman Sales Ltd.; Humboldt Co-operative Association; Humboldt Smiles Dental Studio; Melron Services Ltd.; Michel's Industries; Midway Co-operative Association; Olymel (Humboldt); Saskatoon Co-operative Association; Schulte Industries; Shelley Romanszyn-Cross; Tremblay Electric; and

Welcome to the new year! I hope everyone had a safe and happy holiday season. Now to enjoy what 2021 has to bring us. There was no slowdown for the Blankets for Canada ladies. They have kept busy since Evelina's last write-up for the paper. So much so she was able to deliver 21 blankets to a shelter in the city! As usual, they were warmly (no puns intended) received with open arms, ever so grateful for a delivery just in time for Christmas. We greatly appreciate those who have donated their time, yarn and help in any way to make these blankets available to those in need. Merry Christmas to all! On Dec. 17, it was Viscount Central School's Virtual Christmas Concert. Best wishes to anyone who is under the weather. I hope you feel better soon. Thank you to all who helped make this week's Viscount news possible. Stay warm, stay safe and have a great week!

I hope everyone had a Merry Christmas. Happy New year to everyone and I hope we have a better year ahead of us. It is hard writing news when there is not much news around. Ken and I had a phone call from my granddaughter Lisa in New Zealand and they are having summer there now. They are going to a beach for a couple weeks. Birthday wishes to anyone having birthdays this month. Margaret Millsap sold her house and has moved to Saskatoon. We wish her well on her move. We will miss her. It was nice hearing from my cousin Les Tayfel and his wife Pat. He had a heart attack this summer and has to deal with that. We wish him well and a speedy recovery. We now have mule deer in our back yard looking for crabapples. There has been a lot of rodeo shows on TV. We find them instead of curling. If anyone has any news, please phone me at 306-944-4852. Thank you.

Solutions and Substitutions

— tips from Reena Nerbas

I am retired and plan to downsize soon. I have about 60 large and small photo albums. I wondered if there are any ideas out there to conglomerate them, as I will need a special room just for these albums if I do not. I thought maybe just hold the album in front of a video camera and video all the pages. Maybe someone else has a better idea. Mary Dear Mary, With the advancement of modern technology, help is on the way. While sitting at a computer, take some time to scan photographs onto your computer or take photos with a cell phone. There are several wonderful companies who can help you create photo albums and they will mail them to your home i.e. blurb.com and shutterfly.com are two examples. Online courses are available to teach you how to make albums that will last for years and will not take up much room. It is easier and more affordable than you might expect. Dear Reena, I have had a smell coming from the furnace vent in the bathroom ever since the heat came on and it smells like cat urine. Just wanting to know if you have any suggestions besides getting the ducts cleaned; we do not have the money right now. Thank you very much. Angie Dear Angie, Is the smell the result of a cat or could it be something else? Wet insulation (caused by high humidity) sometimes smells similar when wet. A dehumidifier might help the smell. If the smell is caused by a cat, the easiest temporary solution is to spray white vinegar or Pet Odor Out products around the areas that smell to neutralize the odour but chances are you will not be happy with the results of air fresheners and surface cover-ups. Investing money into having the ducts cleaned properly or contacting a plumber are your best bets. Extra tip: without spending much mon-

ey, it is important to change furnace filters on a regular basis. Dear Reena, Without the help of a dry cleaner, can you please tell me how to clean my large area rug? It smells and needs some TLC. Thanks, Rose Dear Rose, If possible rent a steam cleaner and clean the carpet just as you would a regular carpet. If the carpet label specifies dry clean only, take it to a dry cleaner. For fibres that specify no water, you can clean the carpet using shaving cream. Spray onto carpet and gently scrub with a soft brush and remove with a soft damp cloth until carpet looks clean and smells fresh. Dear Reena, I have a tall clear, single stem glass vase and I have been unable to remove etched cloudy water marks on the inside. I have tried everything from baking soda, salt, vinegar, denture tablets, with no success. Any ideas? Eunice Dear Eunice, Soaking the vase with hot vinegar and then gently rubbing the surface with fine 000 sandpaper is a good solution for slightly etched glass. You can also soak the vase in hot water and citric acid (available at your local pharmacy, you may need to order it). If the etching remains, the condition is permanent. If you want to 'refresh' seldom used glassware or crystal which has developed a slight film while sitting in the cupboard, but is not dirty, just hold the piece over the mouth of a steaming kettle and polish quickly and easily with a paper coffee filter. Your glassware will sparkle again! Holiday hints of the week: • Save empty egg cartons for storing small Christmas ornaments. • Rather than trying to cram your artificial Christmas tree back into its original box, consider purchasing a tree bag. Using a bag puts less stress on you and the tree.

Artist with local ties exhibits unique series

■ Daniel Bushman

A familiar face to the Jansen area was recently in the spotlight as her work was featured as part of the Saskatoon Public Library's virtual art gallery. Artist Donna-Lee Elke's series entitled: Always Coming Home was showcased until the end of December as part of the Francis Morrison Gallery exhibit.

Growing up on the family farm, in her bio, Elke stated she was always encouraged to express herself artistically. After receiving a Bachelor of Arts degree from the University of Saskatchewan, the passionate artist travelled across the United States and Canada for work, and began exhibiting in galleries in 1995.

what is happening today to that land.

Ever since returning to Saskatchewan, Elke stated she has been wondering where home is, what home is and whether or not one ever does find home. As she contemplated those questions, the Always Coming Home works on paper began to come to her in 2018 and eventually came to fruition in 2019.

Through the words, lines and blocks of paint on the paper, it created a unified symbolic language with a goal of evoking prairie life. In addition, Elke stated quotes from poets/writers that reflect this search for home, both physical and meta-physical, accompany the paintings.

"I have been interested in the works and philosophies of the East since I was in my late teens," stated Elke.

"My art reflects that. The forms are simple, evoke reflection, reference the physical as well as the meta-physical worlds. Generally I work with acrylic paint on canvas or board in broad sweeping strokes, mixing paint as I go; however, these pieces are on paper because I wished to use straight edge ink-line. And the ink was often straight from the tube."

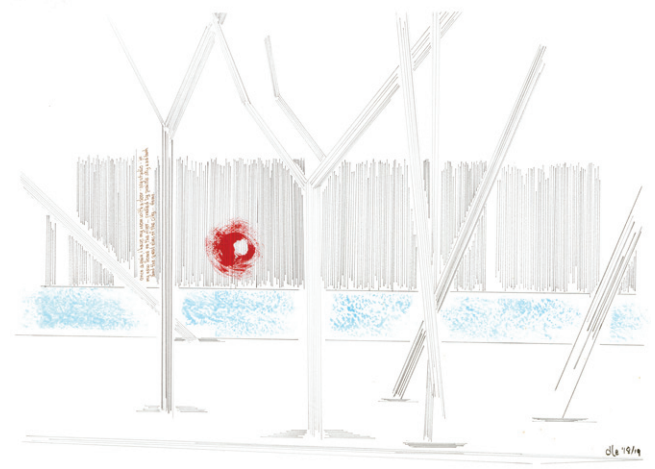

With her studio on the

river in Saskatoon, Elke paints, writes, reads, and contemplates. "And I walk the river, under prairie skies from which I came."

While the virtual gallery featuring the Almost Coming Home series by artist Donna-Lee Elke was available on the Saskatoon Public Library's website until the end of December, you can find works on her blog by visiting <http://dleeke.blogspot.com/>

Pictured are two of artist Donna-Lee Elke's works as part of her series entitled, Always Coming Home which was recently featured as part of the Saskatoon Public Library's virtual art gallery.

THANK YOU!

Thank you to everyone in Watrous, all the towns and villages and everyone in between for helping us get through this past year. Thank you for your support by shopping locally at all the businesses in Watrous. We live in a great community and it is very much appreciated. But it goes much further than that. Thank you for respecting our staff and other customers by following the COVID-19 guidelines set out by public health. Thank you for encouraging us with your kind words, smiles and your humour in a difficult situation. Thank you for your patience when we couldn't get what you needed or when things arrived late. Thank you for understanding. We are looking forward to a new year and hope to see your smile again soon. Take care and stay safe.

NOTICES AND CLASSIFIEDS

IN MEMORY

SCHMIDT - In loving memory of our dear Travis, who passed away on Dec. 31, 2007. Forever in our hearts.

If we could visit heaven even for a day
Maybe for a moment the pain would go away
We'd put our arms around you and whisper words so true
That living life without you is the hardest thing to do
No matter how we spend our days, no matter what we do
No morning dawns or evening falls when we don't think of you.
- Forever loved and sadly missed by Mom and David, Lorne and family, Jeff, Cheryl and family, Grandma Betty and family.

It must seem like just yesterday and yet it is your 70th anniversary. You two have made so many milestones in life together but loving each other for so many years is the biggest milestone of all. Happy anniversary. We love you both very much, Laurie (Luke) and Tim.

Congratulations and all our love, from your sister Edna and your godson Mark on 70 wonderful years together. We hope you have a great day, and many more years together. Edna Lanz and Mark Lanz

Congratulations Uncle Irvine & Auntie Ella: Happenstance found me in Lanigan, able to be with you on your 50th celebration, a night of live music, crowds, food & drink with lots of laughter and love. Although we would all like a repeat it cannot be on your 70th. This celebration will be one without crowds or live music however, it will contain the most important carryover from the 50th, laughter and so much love. Given and received. I am so grateful to have had you in my life for my 68 years on this earth. You both taught me so much and always gave of your love so freely. I love you! We wish you the very best on this beautiful day. Donna Lee & Ken

Happy 70th anniversary, I wish you 70 more years. Sis-in-law Margaret Braitenbach

Happy 70th Anniversary to my dear Aunt Ella and Uncle Irwin! What joy you have brought over the decades! I remember visiting the farm as a little girl, Aunt Ella's superb dinners followed by amazing desserts, beautiful music from toe-tapping to lovely hymns full of harmony, of course Uncle Irwin's jokes, lots of laughter, but more important than all: your constant love for each other and to all. Sending hugs, love and smiles across the miles! Love, Marlene Breitenbach

Sending love and congratulations on your 70th anniversary! Love, Stephanie and family
