## Jansen Lites Up The Nite

Despite a bit of rough weather, this year's Jansen Lites Up The Nite held July 1 was a tremendous success. With events taking place throughout the day and into the evening, people had the opportunity to take in a pancake breakfast, car show, Bingo, slo-pitch, kids rides, bowling, and disc golf, along with a number of other things. This year's car show winners were Adam Jabs - Competitors' Choice with a 1969 Road Runner and Gabe Zerbin - Peoples' Choice with a 1981 Camaro. The home run derby winners this year included Chase Hinz and McKenzie Zerbin. With the day moving into evening, singer/songwriter Jeffrey Straker provided entertainment for those in attendance. While the free concert was originally slated to be outdoors, due to the weather it was moved inside the Outdoor Rec Facility. A program commemorating the day was also held and while there was a delay in setting off the fireworks due to wind, the incredible show lit up the night sky at 11 p.m. Jansen Lites Up The Nite committee member Angel Liebrecht said despite the weather causing a bit of a problem, the day went off as planned. On behalf of the committee, Liebrecht also appreciated this year's sponsors, volunteers who lent a hand, and all those who were able to make it out to the event.

# Severe weather rolls through province on Canada Day

■ Daniel Bushman

As June wrapped up, July began with a boom as a number of severe weather systems rolled through the prairies during Canada Day. Along with various power outages, meteorologist with Environment and Climate Change Canada Stephen Berg said different areas in Saskatchewan experienced everything from hail and severe thunderstorms to showers and plough winds.

Nickel- and quarter-sized hail was reported in the Choiceland, Melfort and Nipawin areas while trees and lamp posts were downed in Rosthern from wind gusts. A wind gust was also reported at 119 km/h in Nipawin creating damage while Berg shared in St. Brieux, trees and minor structural damage also occurred from a storm. Further west, there was some severe hail and wind gusts which extended into the North Battleford area, Meadow Lake and near Buffalo Narrows.

Closer to the local area, following a hot day, high winds, rain, thunderstorms and reportedly some hail arrived in different parts of the region July 1. That also put a damper on some Canada Day celebrations as fireworks did not go ahead at Manitou Beach. In Jansen at their annual Jansen Lites Up The Nite, fireworks were delayed until around 11 p.m. due to

the elements while Last Mountain Lake Regional Park was able to go ahead with its fireworks following a thunderstorm earlier in the evening.

Around the Guernsey area, high winds made their presence felt as a number of farmyards experienced damage. Around 5 p.m. July 1, Christiaan Mau noticed very high dark clouds coming from the west. Starting with a light breeze, Mau figured within 10 minutes the wind became quite powerful, strong enough to lift the roof of his silo before it came back down offset. On his nearby shop roof, four pieces of tin were ripped off but Christiaan said as windy as it was, the trampoline did not move an inch. “We are very protected from the west although we cleaned up three wheelbarrows full of small branches.”

At the house next to the Mau’s place, a few trees were blown over at the roots and a few kilometres away at a neighbour’s farm, three six to eight foot evergreen trees broke off at the trunk while a large poplar with a tree house in it tipped over. “The radio tower beside their house, one of the cement footings pulled up a foot out of the ground and then kinked and fell over.”

Berg said plough winds that came with a number of the severe thunderstorms July 1 can happen depending on the (see page three: **WEATHER**)

# Hay Salvage and Mowing

Hay salvage is now open to the public (as long as it hasn’t already started).

Regular ditch mowing will start on July 15th and continue into the fall.

BBQ Pizza

**Ingredients:**  
**Naan Bread**  
**Diced meat . . . ham, pepperoni, etc.**  
**Pizza sauce**  
**Choice of veggies - peppers, onion, mushrooms, pineapple chunks, etc.**  
**Shredded cheese**

**Directions:**  
**Preheat barbecue to high.**

**Lower heat to low. Make up pizza according to taste. Naan, then pizza sauce spread thinly, then meat, veggies and topped with shredded cheese. Barbecue on grill until the cheese is melted. The veggies will remain crunchy, if you prefer them fully cooked, then sauté them a bit before placing on the pizza.**

RCMP Report

Watrous RCMP locate McNeice

Watrous RCMP have located Curtis McNeice alive. After receiving information from the public, around 6:45 a.m. July 1, RCMP found McNeice on an area highway northeast of Watrous.

McNeice was reported missing to police Monday, June 26 after he told family he was going kayaking on Little Manitou Lake. They called police when he did not return as expected.

The kayak was recovered June 27 and Watrous RCMP had been searching the water and shore for McNeice with the assistance of area residents, Humboldt Fire Department, Saskatoon Police Service's Air Support Unit, the Civilian Air Search and Rescue Association (CASARA), the Saskatchewan Public Safety Agency and the Search and Rescue Saskatchewan Association of Volunteers.

The Watrous RCMP thanks the public for their help in locating McNeice and for the support they received during the search. **RCMP respond to three collisions**

Saskatchewan RCMP responded to three fatal collisions over the long weekend (June 30 to July 2).

At approximately 10:30 p.m. June 30, Wadena RCMP received a report of a single vehicle rollover on Fishing Lake First Nation. The driver, who was the sole occupant of the vehicle, passed away at the scene. He has been identified as a 52-year-old male from Fishing Lake First Nation. His family has been notified.

At approximately 3:30 p.m. June 30, Beauval RCMP received a report of a single vehicle rollover on Canoe Road, south of Canoe Narrows, Sask. The driver and sole occupant of the vehicle passed away

at the scene. He has been identified as a 27-year-old male from Beauval. His family has been notified.

At approximately 5:15 a.m. July 2, Morse RCMP received a report of a motor vehicle collision on Hwy. 1, near Chaplin, Sask. Investigation determined the vehicle left the roadway and came to rest in a body of water. The adult male driver passed away at the scene. He has been

identified as a 36-year-old male from Sherwood Park, Alta. His family has been notified. The adult female passenger was transported to hospital via STARS with injuries described as serious.

The collisions remain under investigation; Saskatchewan RCMP collision reconstructionists and the Saskatchewan Coroners Service are assisting.

Jansen

Louise Shannon

Canada Day was a big success even though we had a storm in the evening. It quit just before the fireworks at 11 p.m. They were good.

Viscount

Sandra Reid • 306-227-1193

Have you ever started writing a letter on your computer and kind of waited for the word to come up so you can just click on it and it comes up on the screen, like my phone does? Well goodness gracious I do not know how many times I do that, silly woman!

How awesome is the Meacham Summer Fun Program starting on July 11. Looks like some fun times!

Last day of school was June 29, summer fun has begun. June 27 was the Elementary Fun Day at Viscount Central School. The SCC

provided a hotdog lunch for all the students and helpers.

I attended a very interesting meeting June 28 for the new Viscount Child Care at Viscount Place. We got to tour through and see all the remodelling that has been done. Our children went to school there when it was the Viscount Elementary School. It all looks so new, fresh and comfy for all the children that will be there.

We travelled to Good Spirit Lake July long weekend. We enjoyed a golf cart parade, garage sales, cake in the park, and a very large and

Jeffrey Straker wrote a thank you on Facebook for the people of Jansen.

The children are out of school. I hope they find something to do.

Happy birthday to Linda Liebrecht and Elmer Kinzel.

Keep well everyone.

interesting car show. We have been to a lot of car shows, never surprises me to see vehicles that I have never seen before. The park seemed really busy, more so than usual on the July long, I think everyone is enjoying the outdoors and taking in some fresh air while visiting. It is awesome to be able to enjoy things like this again.

Best wishes to anyone who is under the weather. I hope you feel better soon.

For all those going on holidays, have a safe and happy holiday. Stay vacations are wonderful too, especially if you are in a short driving distance to parks, golf courses and lakes. Enjoy and have a great week!

(from page two: **WEATHER**)

atmospheric dynamics. "The way the atmosphere was set up it was quite conducive to the more linear storms that would put out quite strong wind gusts. That is one of the main (things to signify) a severe thunderstorm, especially with the damage that was reported."

As damage varied depending where you went, power was knocked out in a number

of areas. Joel Cherry with SaskPower said throughout the outage there were more than 20,000 customers without power spanning a large area including Prince Albert, Nipawin, Melfort, and Carrot River. As of Tuesday afternoon, Cherry said most of those customers had power restored but a larger issue remained. With a transmission line off (see page four: **WEATHER**)

uncomplICAteD – Man is harder than iron, stronger than stone and more fragile than a rose. - Turkish Proverb

by Arlene Martin

Concerned about my friend I called hoping the news about her mother would be positive. She has been in my thoughts and prayers lately because I know she has been in that profound, unsettled place waiting for ‘the call’. The call that will change life as she knows it. I think often about how busy we get, how chaotic the days spill out one after the other till suddenly death shows up and abruptly takes someone we love. She explained with each visit her mother is less responsive. We have been friends for a very long time and I could hear that ‘catch’ in her voice. We talked about the brave woman her mother is and was - and the daily courage it took for her dealing with the unfair hand life dealt her. She said her mother was always fond of red roses. With each visit she stopped first at a local florist shop and purchased red roses. Experts warn to be optimistic and upbeat around the comatose because though the body is failing, the brain is still

often alert. EVEN to the scent of roses!

When a loved one is in life’s final glow - time becomes measured in breaths and heartbeats. The sacredness and waiting drastically shifts a person’s - a family’s focus.

As my days and nights have been recently occupied by sadness, personally awaiting that gut-wrenching call, I have been thinking about the wisdom of those roses. One can get on a treadmill that spins so fast it is easy to lose sight of “the call” that lies somewhere in everyone’s tomorrow. However, as I think these thoughts, my heart is in a room far away where the scent of roses hangs in the air. It reinforces what I have always believed – give flowers to the living. Don’t wait for a special reason or occasion.

With a smile I think of something Eleanor Roosevelt said. “I once had a rose named after me and I was very flattered. But I was not pleased to read the description in the catalogue: no good in a bed, but fine up against a wall.”

Indeed, I am concerned about my friend, however, there is one thing I know and admire about her. When ‘against a wall’ she has acquired her mother’s inspirational coping abilities and she will be okay.

After all - she is her mother’s daughter.

Papa T’s Ice Cream Parlour serving up sweet treats

Daniel Bushman

Wanting to be known for having the best ice cream around, Papa T’s Ice Cream Parlour has set up shop in Watrous. Operating a confectionery store for a number of years that grew in popularity, Terry Galay (who is Papa T) along with his wife Christina, are hoping to bring that same type of flavour to Watrous. “In Norquay where we are originally from, our claim to fame was we had the best ice cream around for 100 kms. We want to bring that here.”

Offering soft serve ice cream, 16 flavours of hard ice cream, ice cream sandwiches, sundaes, banana splits, slush puppies, iced caps, and coffee, when the Galays moved to Watrous, Terry said a number of people shared about the famous soft serve ice cream from the Burger Corral. “They remember how good that ice cream was and we want to try and bring that tradition back to the community.”

Set up inside Green Acres Greenhouse at 704 4th Ave. E. in Watrous, Papa T’s is open seven days a week right through the summer. “Mel Penrose from Green Acres Greenhouse has been very gracious to us,” said Christina. “When she closes for the season, we will still be here every day in the summer from 1 to 9 p.m.”

Asked why people should come and visit Papa T’s Ice Cream Parlour, Terry said, “It is the quality and taste. Our hard ice cream is premium ice cream from Foothills Creamery out of Calgary. They provide a good product that is creamy. The first ingredient is buttermilk, whereas most commercial ice creams have sugar as the first ingredient.”

Wanting to ensure each customer has a positive experience when they come in, Christina added they set the bar high when it comes to their products. “If there is something we don’t like, we change it. One example is we now have a local lady making us apple crisp. We serve that homemade item as part of our apple crisp sundaes. When we are not satisfied with a product, we don’t just say, ‘Oh well, it is good enough.’ We find a way to improve it.”

Featuring daily specials throughout July and August along with carrying gift certificates and having a presence on Facebook, the couple are also turning back the clock to bring a bit of nostalgia to their customers. “Being an ice cream parlour we want to provide something that people are familiar with from years ago when they visited ice cream parlours. We recently did banana splits which is something from our childhood and we want to bring some of those ice cream parlour type things in. We also have traditional sundae toppings that people are familiar with like

(from page three: **WEATHER**)

after being damaged by the wind, Cherry explained crews were working to fix the line Tuesday afternoon which fed the Carrot River and Tobin Lake areas. Once completed it would restore power to around 1,400 customers.

“We appreciate our customers’ patience. It is never convenient when the power goes out and it is especially the case when it is out for a couple of days like it has been in this case. So we appreciate our customers’ patience as we work to get the power back on as quickly and safely as we can.”

As Saskatchewan dealt with high winds, severe hail, thunderstorms and power outages, in Alberta, a tornado created substantial damage. Environment and Climate Change Canada (ECCC) said the afternoon tornado occurred July 1 between Didsbury and Carstairs with a preliminary assessment of the tornado indicating it was an EF-4 (estimated winds of 275 km/h).

Reported just southwest of Didsbury around 1:45 p.m., ECCC stated the tornado appeared to weaken briefly before re-intensifying as it moved east. The heaviest damage was reported where the tornado crossed Highway 2A between Didsbury and Carstairs before weakening near the QE2 Highway.

Once it dissipated, in total 12 homes were damaged, three of which were completely destroyed and four left uninhabitable. The most notable damage according to ECCC occurred at a farm on the west side (see back page: **WEATHER**)

With a number of hard ice cream flavours in addition to soft serve ice cream, sundaes, banana splits and daily specials, Papa T’s Ice Cream Parlour has set up shop at Green Acres Greenhouse in Watrous. Open every day from 1 to 9 p.m. throughout the summer months, owners Terry and Christina Galay are looking forward to meeting people in the community and surrounding areas.

photo by Daniel Bushman

maple walnut, butterscotch, blueberry, cherry and a newer one like rhubarb.”

With a plan to call Watrous home, since the pair opened their ice cream parlour at the greenhouse, the Galays have been overwhelmed by the kindness of those stopping by. “We have met and made more friends in four months since we’ve been here then where we previously lived in six years. People are so friendly. It is a lovely community and people in town have been really, really nice and we have been well received.”

(from page four: **WEATHER**) of Highway 2A. A well-constructed home was destroyed in this location with all exterior and above-grade

interior walls knocked down. The homeowner was in the house at the time and took shelter in the basement. No fatalities were reported. ECCC indicated the length

of the tornado track was 15.3 km with a width of 620 m and lasted an estimated 30 minutes. The most recent Alberta tornado with an equivalent rating according to ECCC was

the Edmonton Tornado in 1987. With a number of recent severe weather events occurring in both Saskatchewan and Alberta, Berg said usually there is a two week period before and after the Canada Day long weekend which is typically the peak time for the Canadian prairies to experience severe thunderstorms.

Berg also touched on the shift in temperatures as July 1 sat at a toasty 29.7°C before the storms and then dropped five to 10 degrees cooler than normal by July 4. “The temperature dip is a common after effect of a severe weather system with a large temperature difference from one side to the other.”

ECCC said a number of places in Saskatchewan set or tied daily minimum

temperature records July 5 including the Last Mountain Lake area hitting 3.7°C with the previous record being set in 1992 of 5.5°C. The Watrous area also broke a record with a preliminary new record of 4.2°C for July 5, besting the previous mark of 7.2°C set in

1971. Despite the cooler values the forecast had the warmer values returning in time for the second weekend of July. As for how the remainder of summer will go, Berg said the outlook indicates warmer than normal.
