## Local resident honoured as teams compete at Nutrien’s annual firefighters’ rodeo

■ Daniel Bushman

After a pause due to the pandemic, teams of firefighters from Nutrien mines along with a pair of fire departments were in Lanigan Sept. 10 to compete at the annual Nutrien Firefighters’ Rodeo. Not only was it the first time teams, volunteers and spectators were able to come together to demonstrate their skills since 2019, but this year’s event also recognized a long time competitor and volunteer.

Leading up to the rodeo hosted by Nutrien Lanigan, at the Friday evening dinner, Sept. 9, local resident and Lanigan Fire Chief Barry Hooper was honoured for his many years of service involved with the event.

With the first firefighter rodeo held in Rocanville in 1981, Nutrien Lanigan General Manager Rob Jackson shared that each of the competing teams representing Potash Corporation of Saskatchewan (now Nutrien) were able to invite a local fire department to attend. During that inaugural year, the Town of Lanigan team, which included Hooper won the competition.

Since relocating the firefighters’ rodeo to Lanigan in 1990 and with the 2021 version being cancelled due to covid, not only did 2022 mark the 40th anniversary of the event but Jackson noted it also signified Hooper’s long-term dedication through competing, coaching, and volunteering.

“Barry has attended and participated in nearly every single PCS/Nutrien firefighter competition as either a competitor or coach. Barry is so good at the water soccer event that legend has it Barry and his competition were so evenly matched that they shutdown the Rocanville mill one year by using so much water in a battle. They had to change the rules and now we have the two minute time limit!”

Since moving the firefighters’ rodeo to Lanigan, Jackson shared Hooper has been an integral part of every event’s construction while leading the Lanigan Fire Department support teams. “This includes everything from building the smoke room to positioning equipment, laying hose and operating the pumper - often unseen inner work completed and coordinated by Barry to make the event run as well as it does.”

Helping out once again, Barry was presented with gifts from the Nutrien Lanigan site to recognize his decades of support. Joining competitors and those in attendance at the Friday night dinner and honouring Hooper for the support he has given, Jackson said, “We hope he will continue to help for many more!”

(see page seven: **NUTRIEN**)

### Heating up

Teams representing a number of Nutrien mines and a pair of local area fire departments competed at this year’s Nutrien Firefighters’ Rodeo in Lanigan. Jory Vanthuynne (above), Nutrien Lanigan’s team captain was part of the fire extinguishment event with his team

coming in as a runner-up in that event. Following all of the events, overall Nutrien Lanigan was the runner-up this year with Nutrien Rocanville declared as the overall winner.

# Conservative Party members elect new leader to represent party

■ Daniel Bushman

Speaking about hope and taking direct aim at forming the next federal government, following an overwhelming win on the first ballot, Ottawa-area Member of Parliament Pierre Poilievre was elected as the Conservative Party’s next leader. Growing up in Calgary, Poilievre received 68.15 percent of support from voting members on the first ballot taking over from interim leader Candice Bergen.

With a first ballot victory, the next closest candidate to Poilievre was former Quebec Premier Jean Charest who had just over 16 percent of the support. Others running for the leadership position were Leslyn Lewis (9.69 percent support), Roman Baber (5.03 percent support) and Scott Aitchison (1.06 percent support).

Joined by his wife before speaking to Conservative Party supporters in attendance at the leadership election Sept. 10, Poilievre said, “Tonight begins the journey to replace an old government that costs you more and delivers you less with a new government that puts you first.”

Recognizing the passing of Queen Elizabeth II, Poilievre then thanked fellow candidates for their dedication to the party and his family for their support. He also took a few shots at the current federal government, highlighting inflation, taxes, struggles Canadians have been faced with while aiming to restore hope.

“No wonder people are worried, most are lucky to be just getting by. Many are falling behind and there are people in this country who are just hanging on by a thread. These are citizens of our country. We are their servants. We owe them hope. They don’t need a government that sneers at them, looks down on them, calls them names, they don’t need a government to run their lives, they need a government that can run a passport office. They need a Prime Minister who hears them and offers them hope . . . they need a Prime Minister who will restore that hope and I will be that Prime Minister.”

Advocating for Poilievre heading into the leadership election was local Conservative Party MP for Moose Jaw-Lake Centre-Lanigan Fraser Tolmie. After stops in Swift Current, Prince Albert, Regina, Moose Jaw and Ontario campaigning for Poilievre, in Watrous and Drake before the leadership election, Tolmie said, “I know Pierre very well and wanted to support someone who already knew the team and has his finger on the pulse. Whatever the outcome is we are going to have a new leader in the fall and going in a direction to fight to become the party that represents Canadians in the next election.”

As Poilievre was announced as the new leader of the Conservative Party, the following statement was issued by Liberal Party MPs Dominic LeBlanc and Rachel

- image from Conservative Party website

Bendayan. “On behalf of Liberals across Canada, we want to congratulate Pierre Poilievre on becoming the leader of the Conservative Party of Canada and the Official Opposition.

“As our country continues to rebuild from the global pandemic, Canadians need their elected politicians to work together to make life more affordable, fight climate change, strengthen our economy, and grow the middle class. Justin Trudeau and our Liberal team will continue to collaborate with all willing political parties to deliver real results for Canadians – and we hope

the Conservative Party will join us in that work.

“At the same time, we will stand up and speak out against the reckless policies that Mr. Poilievre has been pushing since the start of his leadership campaign, and during his nearly 20-years as a Conservative insider.

“While Mr. Poilievre and the Conservative Party continue to promote American-style politics and try to stand in the way of our progress for Canadians, we’ll remain focused on moving Canada forward.”

## Saskatchewan’s Forestry Sector is Thriving

2021 was a record year for the province, with forest product sales reaching \$1.8 billion, with over 60 per cent of those products exported to countries around the world.

Saskatchewan’s forestry sector experienced continued momentum during the market downturn of the COVID-19 pandemic thanks to all-time record high prices for lumber and oriented strand board (OSB), as well as growing markets in Asia and the ongoing housing recovery in the United States.

Saskatchewan’s forestry sector is not only a significant economic driver, but also a major source of employment, supporting nearly 8,000 direct and indirect jobs, the majority of which are located in the northern region of the province.

Indigenous people account for 27 per cent of the total forestry workforce in Saskatchewan and there are also a number of Indigenous-owned forestry businesses from sawmills and timber harvesting operations to road construction, trucking, and reforestation companies.

Seven major forest products facilities in the province produce lumber, OSB and pulp, including the largest 100 per cent First Nations-owned forest products sawmill in Canada, NorSask Forest Products.

More than half the province, around 34 million hectares, is covered in forested land and every year millions of trees are planted.

The forestry sector is expected to invest nearly \$1 billion in new capital investments between 2021 and 2024, through construction of an OSB mill in Prince Albert, expansion of the Carrot River sawmill, upgrades to facilitate increased lumber production at the Big River sawmill, and the reopening of the Prince Albert pulp mill. These investments will represent over 80 per cent of the Government of

Saskatchewan’s ambitious Growth Plan goal to double the size of the sector by 2030.

Combined, these investments will generate up to \$900 million in increased forest products sales and create approximately 3,100 direct and indirect jobs.

Saskatchewan’s growing forestry sector is attracting new investment and is poised to harvest record levels of timber and produce record levels of forest products as early as 2024, contributing toward the target of increasing annual forest products sales to \$2.2 billion and supporting up to 12,000 direct and indirect jobs by 2030.

Canada celebrates National Forest Week this year from Sept. 18-24.

# Remembering Queen Elizabeth II and her visits to Saskatchewan

■ Daniel Bushman

As people from across the globe paused and mourned Queen Elizabeth II's passing, many in Saskatchewan also offered their condolences to the Royal family. Dying peacefully at Balmoral Sept. 8, the longest ruling Monarch in British history spent over 70 years as a dedicated Head of the Commonwealth. Before her passing at the age of 96, over the years Queen Elizabeth II visited Saskatchewan six times, once as Princess and the remaining five occasions as Queen.

Going through the Lanigan Advisor's sister paper, The Watrous Manitou's archives, the following are clippings (with some slightly edited) from the newspaper of her stops in Saskatchewan in 1951, 1959, 1987 and 2005. There was nothing found within the newspaper's archives regarding her visits in 1973 and 1978 although according to other publications she marked the RCMP's centennial in Regina in 1973 and attended the official opening of the University Hospital in Saskatoon and visited Wanuskewin heritage site in 1978.

**Oct. 11, 1959:** Canada Welcomes Royal Couple: Princess Elizabeth and Duke of Edinburgh now in Ottawa - Canada's capital tossed its hat in the air Wednesday for Princess Elizabeth and Prince Philip.

Old Ottawa, which has been taking visiting dignitaries in stride for a long time, cut loose with a roistering welcome for the heiress apparent and her navy husband that hasn't been equalled since Elizabeth's royal parents paid their 1939 call.

While a beaming sun poured enough warmth into the autumn day to make it the best of their three-day stay in Canada, the smiling heiress to the throne and the handsome Philip gave perhaps 100,000 cheering onlookers a swift-moving glimpse at the royal personalities.

The royal pair went through a long day of formal and informal appearances after their 10 a.m. arrival from Quebec.

The slender and demure Princess and the big Duke of Edinburgh, turning on their now-familiar smiles, left Ottawa - and its many visitors - happy over the royalty that one day will take the throne of the Commonwealth.

For those looking for what may be the high-fashion notes of the next few months, the Princess produced a triple change of the simple costumes she has been wearing since she landed at Montreal's Dorval airport Monday.

For the morning, she wore an overcoat and dress both in slate blue figured pure silk. Her accessories were black. In the afternoon, she switched to a single-breasted suit in what appeared to be a fine tweed of airforce blue, or perhaps the shade now known as Edinburgh blue. Over both these ensembles, her brown curls were tucked into a close-fitting hat or iridescent greenish-black feathers.

At night, she donned her diamond tiara for the second straight evening - to attend a formal state dinner. With it she had a gold white lace gown, a diamond necklace and the blue, diagonally-worn sash of the order of the garter with its star.

But it was the Princess and her husband themselves, rather than what they wore, which intrigued the thousands that grouped at the arrival point, along the line of the city-wide tour,

at the National War Memorial and on the sun-spattered lawns and driveways of Parliament Hill.

In Saskatchewan - As they tour Canada, their Royal Highnesses, the Princess Elizabeth and the Duke of Edinburgh, will visit Regina and Moose Jaw on Wednesday, Oct. 17, and Saskatoon on Sunday, Oct. 28, leaving the latter point by plane for Winnipeg.

**Oct. 18, 1951:** The Royal Tour - We welcome to Canada, their Royal Highnesses the Princess Elizabeth and the Duke of Edinburgh on their tour of this country to see and be seen.

Advance press publicity has seemed largely to feature the personal rather than the political and symbolic aspects of the trip. Many of us will seek a position of advantage to see them pass, and will look with natural human curiosity to two persons receiving a royal welcome.

On the other side we will be impressed with some of the pomp traditionally associated with royalty. Some day it is probably that the Princess Elizabeth may be accorded the title 'Queen of Canada.'

Canadians have a loyalty to the 'Crown' that is difficult for our friends in the United States to understand. The 'Crown' as a symbol of unity for the Empire and Commonwealth is centred and personalized by the Royal family, and is free from the bias of changing political issues or persons. Despite the fact that we are a democratic country, living with a limited monarchy, we feel that the 'Crown' has been helpful, useful and desirable if for no other reason than a symbol. So we say or sing with real feeling, 'God Save the King.'

We add our cheers of welcome to the Princess Elizabeth and the Duke of Edinburgh. - Canada Ink.

**Nov. 1, 1951:** The Royal Train - It is a safe bet that C.N.R. Locomotive No. 6049 and the 10 cars behind it, that made a 10 minute stop at Watrous Sunday afternoon, Oct. 28 has been seen by more Canadians than any other train in the post-war history of the Canadian National Railways.

Hundreds of thousands of people have gathered at stations, crossroads, and in fields along the way to watch the train pass through, and hundreds of thousands more plan to see it - all motivated by the desire to catch a glimpse of Their Royal Highnesses, Princess Elizabeth and the Duke of Edinburgh.

Specially Equipped - Two of the 10 cars of the special train are the home of the Royal Couple during their triumphant progress across the country and, as befits the home of royalty were specially equipped and appointed for the trip. The remaining

- image from TWM archives: July 23, 1959

cars, except for two baggage cars, contain accommodation for the entourage. The royal accommodations consists of the two last cars of the train and include a dining room, drawing room, bedroom, and observation sitting room.

The dining room and drawing room are located in the second-to-last car of the train, the first half of which includes a central dining table capable of seating 12 people, while the other half is furnished with comfortable chairs, a chesterfield, tables, radio, etc.

Both dining and drawing rooms have surf green walls and ceilings while furniture coverings and drapes are in green. Lighting fixtures are golden bronze in tone with white parchment shades. A wall-to-wall carpet of light brown covers the floors.

Sleeping accommodations and an observation sitting room are in the last car, with the bedroom in the first half. Panelled in (see page eight: **QUEEN**)

Jansen

Louise Shannon

The Terry Fox Run was Sept. 18. People were out collecting donations. I hope everything went well. I was here in our school when King George VI passed away and Elizabeth became queen. We had to learn to sing God Save the Queen instead of God Save the King. Now children will be doing the same thing by singing God Save the King again. Happy birthday to Hudson Boe, Kail Klinger, Grant Mills, Terry Renz and Dave Renwick.

Viscount Central spectators. School Vikings football Best wishes to anyone team played against LCHS who is under the weather. Lazars Friday, Sept. 9. I hope you feel better soon. It was a little chilly for the Have a great week.

Ministerial Message  
Borrowed graves

by Dennis Kresier, Layperson  
Last Mountain Anglican Parish

On June 18, I attended a memorial service for a beloved family member and observed the laying of his memorial stone plaque. It was a beautiful service with about 20 family and friends attending. Before the service began, I strolled through the cemetery and read the dates, names and messages engraved on the stones. As I did so, a very sobering thought occurred to me. All of the engraving on the stones was put there for the edification of anyone who would take the time or show interest in reading them. I was reminded that our Creator does not require these signs to tell Him who lies where. The very ONE who made us and who knows the number of the hairs on each head, certainly knows where our remains are resting and how we arrived where we were placed. However, these resting places are only, "borrowed graves."

Each year we celebrate Easter. After Jesus was crucified, He was placed in a "borrowed grave." The grave could not hold Him, and He arose as He promised. In John Chapter 14, Jesus tells His disciples that there are many rooms in His Father's house. He has gone to prepare a place for us, and that He will come again to receive us unto Himself. He further tells us that when He comes again, God's trumpet shall sound and EVERY ear shall hear it and EVERY eye shall see it.

The "borrowed graves" shall give up their dead, the oceans and seas shall give up their dead and we shall meet Him in the clouds. So you see, our "borrowed graves" are definitely not our final resting place, for we must then stand before the judgment seat of Almighty God. This will determine our final destination!

Our eternal destination hinges totally on the choices and decisions that we make here and now! Once we close our eyes in death, it will be too late to change our minds. These are the words of our Creator, not mine. Today is the accepted time for this monumental decision - choose wisely!

uncomplIcATed - Happy Place, Happy Face

by Arlene Martin

Some of us need more than a minute to consider such a question weighing its validity. A HAPPY PLACE can merely be an imagined place and conjuring images of being there becomes an instant mood booster. But yes, there is a calm harbour for everyone. It is personal. It is where you can go physically or meditatively, much like the indulgence of comfort food, it warms, happies and heartens you inside-out.

For a couple weeks I've been studying about HAPPY PLACES. It even exists in the dictionary! According to mental health experts it's not a waste of time, it's healing and cathartic when one is restless and troubled. A daily roller coaster of commitments and routine without a recess bell does not a happy or healthy person make and it's not brain surgery that contentment prevents hardening of the attitudes. Do something nice for yourself. Not out of selfishness, but out of wisdom. Visiting your HAPPY PLACE will change your perspective!

The geography varies. For the introvert (of which I am one) - the HAPPY PLACE is a quiet not peopley place. On the flip side, the HAPPY PLACE of an extrovert is usually one that is crowded. We're all different but one thing unites us: uncertainty. When COVID reared its head and the World Health Organization declared it a pandemic, all of us faced the stressful unknown. Since then new perils and threats have surfaced particularly war, inflation, and national disasters.

Meditation and prayer is somewhat different, more like a happy TIME. Though primarily peaceful and pleasant, sometimes my prayers have been short, urgent and from a

"Where is your HAPPY PLACE?" I asked Randy early this morning. He had just packed his lunch cooler with sandwiches, fruit and beverages to get him through another day helping a neighbour harvest his canola crop. He looked at me and I smiled, recognizing that look. It was saying, "What kind of question is that anyway?" "Well," he grinned, "I need a minute to think about that."

place that is more emergency than happy. As the late psychology professor, Christopher Peterson explained, "When we are acutely aware of the moments in our life that give us pleasure, we can extend these experiences to maximize the amount of pleasure we get from them." The HAPPY PLACES he illustrates are neutral and easily accessible but contribute to the meaning of our lives. Author and lecturer, Ray Oldenburg, calls these places outside of work and home as third places.

Facebook offers a glimpse into some of my friends HAPPY PLACE: a vegetable garden, a comfy chair on a veranda or deck, camping, a park bench, an airport, fishing, a good book in a secluded corner, a golf course, a movie theater, a cottage by the lake, a church, or a white sandy ocean beach.

Right now I am writing from my HAPPY PLACE. I am watching the early morning unfold around me from the solitude and serenity of our summer trailer. But this place is temporary and when winters' chill sets in, my HAPPY PLACE moves indoors to my comfortable easy chair near the big garden doors. Both offer a panoramic view of the beautiful prairie landscape. Nature is my redemption, my tranquil go-to. When I am at a medical appointment or being someplace I don't want to be, I think of these places.

You've likely seen many crafty signs that say, "THIS IS MY HAPPY PLACE" and likely it was on someone's front door, in a garden, a cottage, a fishing hole. That's the idea - a place that instantly resuscitates you with a big welcoming sigh of relief. But if said sign is hanging on your refrigerator perhaps you're missing my point! It's been said that we forget the exact words people say to us but we never forget how a person made us feel. That's what a HAPPY PLACE is! Remembering and recapturing joy!

It is time now to leave this spot and kick-start my day and I am ready for it. Whatever your circumstances, wherever your retreat - your HAPPY PLACE I hope you allow yourself the freedom to go there in mind or in body and simply bask in the moment.

And if you're wondering the response of my diesel mechanic, can't-sit-still-hubby, well it's a no-brainer! Randy's HAPPY PLACE is in the driver seat of his white Chevy pickup!

So now do tell. I'd really like to hear yours! (Links, photos and more: <https://uncomplicated430327779.wordpress.com>

## Look What's Cooking by Laura Novecosky

### Cabbage Roll Casserole

**Ingredients:**  
1 head cabbage chopped in medium chunks  
1 pound hamburger  
1 onion  
Long grain rice  
1 can tomato soup  
1 large can or quart of homemade tomatoes

**Directions:**  
Fry hamburger and onion until well browned. Cook rice according to package directions for 15 minutes. It will be only partly cooked. I usually use about two cups rice and make a large casserole, but you can cook one cup

rice according to package directions. Drain excess liquid from rice. Cut up cabbage in large roaster. Place about 1/2 of cabbage on bottom of roaster. Spread the hamburger mixture over the cabbage. Layer the cooked rice next. Cover with remaining cabbage. Pour the can of tomato soup mixed with one can water over the mixture, then pour over the canned tomatoes. I often also add a layer of sauerkraut on top of the second amount of cabbage - about one to two cups. Bake at 350°F for about 30 minutes, then lower heat to 300°F and bake another hour. Check after 30 minutes to see if you need to add more water.

# RCMP Report

### Garage break and enter

In the early morning hours of Sept. 5th, 2022, a garage break and enter occurred in the vicinity of 300 block and 1st Ave. in the Community of Englefeld. During the incident an unknown suspect(s) made off with a green yard work cart containing fresh garden potatoes.

If you have information about this or any other crime, please contact Humboldt RCMP at 306-682-2535 or you may contact Saskatchewan Crime Stoppers anonymously at 1-800-222-TIPS (8477) or submit a tip online at [www.saskcrimestoppers.com](http://www.saskcrimestoppers.com).

**Charges laid after report of shots fired**

On Sept. 6, 2022 at approximately 2:45 a.m., Lloydminster RCMP received a report of shots fired at a residence in the city of Lloydminster. Investigators determined the vehicle was a black, newer model Ford Mustang and alerted nearby RCMP detachments to be on the lookout for the vehicle.

At 3:49 a.m., Maidstone RCMP received a report of shots fired at a residence in the RM of Britannia. Investigation determined that a black Mustang approached

the residence. Multiple occupants exited the vehicle and started checking vehicles parked in the driveway. The homeowner came to the door and a firearm was discharged toward the homeowner. The bullets struck the house and the occupants were not physically injured.

At 4:08 a.m., Maidstone RCMP received a report that occupants of a black Mustang attempted to steal fuel from a residence in the RM of Britannia.

Maidstone RCMP and other Saskatchewan RCMP resources immediately began investigating, including efforts to locate the vehicle and its occupants. At approximately 7 a.m., Saskatchewan RCMP issued an emergency alert informing the public of this incident.

Maidstone RCMP began receiving reports the vehicle was spotted leaving Lloydminster towards Onion Lake Cree Nation. Multiple Saskatchewan and Alberta RCMP units, Saskatchewan Highway Patrol officers and conservation officers from the Provincial Protective Services Branch, Wilton Police Service, RCMP Police Dog Services and the Lloydminster Rescue

Squad searched for it. The vehicle was located and disabled using a spike belt. Investigation determined it had been reported as stolen from Paynton, Sask. on Sept. 5.

The occupants fled. Two were later located and arrested in a camper in the community, and a third was located and arrested in a forested area close to where the car was disabled.

Later that evening, two more females were located and arrested in the community.

From that, 24-year-old Blaire Chief from Onion Lake, 19-year-old Jessica Fox from Poundmaker Cree Nation and a 15-year-old male youth from North Battleford are each charged with singles counts of: resist obstruct peace officer, Section 129(a), Criminal Code; flight from peace officer, Section 320.13, Criminal Code; and possession of property obtained by crime over \$5,000, Section 354(1)(a), Criminal Code.

Fox and the male youth appeared in Battleford Provincial Court Sept. 9. Chief appeared in Battleford Provincial Court on Sept. 12.

Two individuals arrested were released without charges. Maidstone RCMP continue to investigate these incidents.

### Single vehicle rollover

At 2:22 a.m., Sept. 4, Craik RCMP was advised of a single vehicle rollover, Hwy. 11 just south of the south entrance to Davidson. EMS was on scene and the 51-year-old driver was transported to hospital with life-threatening injuries. A Saskatchewan RCMP Collision Analyst completed the on-scene investigation. At this time, police do not believe drugs or alcohol being a factor in the collision. The cause of the collision is still being investigated by police.

**Single motorcycle collision**

At approximately 1:45 p.m., Sept. 5, Maple Creek RCMP responded to a single motorcycle collision just east of Maple Creek. The investigation has determined that the driver, a 55-year-old male from Windsor, Ont., lost control before entering the south ditch. He passed away at the scene by EMS.

**Multiple vehicle collision**

At approximately 2:57 p.m., Sept. 5, the Saskatchewan RCMP received multiple 911 calls advising that multiple vehicles had been involved in a collision approximately five kilometres west of Morse on Hwy. 1. Road conditions at the time were near white out due to high winds blowing salt residue

from a dry lake bed blowing across the highway. Visibility was reduced to less than 15 metres. Morse RCMP, with assistance from Swift Current RCMP officers, responded to the scene.

Traffic control was initiated at Herbert to divert traffic away from the site and at Reed Lake Terminal to allow vehicles congested in the eastbound lane to turn around.

EMS and Fire attended the scene and several persons were transported to hospital with injuries, none of which were determined to be life-threatening. There were no fatalities. The subsequent investigation determined that 16 vehicles were involved in total.

**Three individuals found in submerged vehicle**

On Sept. 12, 2022 at 7:09 p.m., Meadow Lake/Green Lake RCMP received a report of a potential submerged vehicle off Hwy. 155 at the Beaver River Bridge, which is approximately 40 kilometres north of Green Lake.

Officers immediately responded and investigation determined there was evidence a vehicle had left the roadway and entered a body of water. Saskatchewan RCMP's Police Dog Services, Collision Reconstruction and

Underwater Recovery Team were called to the scene to assist. On Sept. 13, officers located the vehicle in the water.

Three individuals were located inside and were pronounced deceased. They have been identified as 25-year-old Alyssa Durocher, 25-year-old Morgan Boyer and 31-year-old Conrad McDonald. Alyssa and Morgan were reported missing to Big River RCMP and were the subjects of a missing persons release issued on Monday, Sept. 12. Conrad was reported missing to Saskatoon Police Service. Their families have been notified and the RCMP's thoughts are with them during this difficult time. They have been offered support through North Sask Victim Services.

Meadow Lake/Green Lake RCMP continues to investigate. Saskatchewan RCMP's Police Dog Services, Collision Reconstruction and Underwater Recovery Team, the Saskatchewan Coroner's Service and Saskatchewan Highway Patrol officers with the Provincial Protective Services Branch assisted in this investigation.

Meadow Lake/Green Lake RCMP thank the community members that assisted and provided support at the scene.

(from front page: **NUTRIEN**)

As for this year's rodeo, teams from Nutrien mines including Lanigan, Cory, Patience Lake, Allan, Rocanville and Vanscoy divisions along with the Lanigan and Humboldt fire departments each had the opportunity to compete in seven events. In Search and Rescue, First Aid, Fire Extinguishment, Practical Skills, Burst Hose, Challenge Relay and Water Soccer, members of each team had the chance to demonstrate their skills and practice firefighting techniques learned throughout the year.

After teams took on the challenges and with the final results tabulated, the overall winner was Nutrien Rocanville while the overall runner-up was Nutrien Lanigan.

The following is the final standings from each event at this year's rodeo:

First Aid: winner Nutrien Rocanville and runner-up Nutrien Lanigan;

Search and Rescue: winner Nutrien Lanigan and runner-up Nutrien Rocanville;

Burst Hose: winner Nutrien Patience Lake and runner-up Nutrien Rocanville;

Fire Extinguishment: winner Nutrien Rocanville and runner-up Nutrien Lanigan;

Practical Skills: winner Nutrien Allan and runner-up Nutrien Lanigan;

Challenge Relay: winner Nutrien Allan and runner-up Nutrien Lanigan; and

Water Soccer: winner Nutrien Rocanville and runner-up Nutrien Cory.

This year's Nutrien Lanigan team was comprised of captain Jory Vanthuyne, Jeremy Palfy, Ashley Dufault, Kyle Moniuk, Scott Odelein, coaches Ford Leggott and Kyle Renwick and F/A coach Jeff Morelli.

This year's Town of Lanigan team was comprised of

captain Austin Stevenson, Justin Foley, Mark Nivon, Travis Beauchamp, Lyndon Campbell and coaches Dave Campbell, Barry Hooper and Rod Greve.

Nutrien Allan, which won the event in 2018 was comprised of captain Shane Mason, Spencer Turkenburg, Kyle Kitchen, Dave White, Jeff Kowalski, coach Kurt Wallace, ERT coordinator Jason Roy and F/A/coach Janet McDonald.

(from page three: **QUEEN**)

curly birch of a golden tone, the sitting room has an ivory ceiling and a wall-to-wall carpet of light brown. In this car too, green is the dominant colour scheme for the taffeta drapes which blend with furniture coverings of green self-toned damask. At the rear of this car is the observation platform on which Princess Elizabeth and her husband have made many public appearances.

Included among the main appointments in the two royal cars is a Northern Electric ivory coloured telephone. Located in the observation sitting room at the rear of the train, the telephone is used by the Princess to make telephone calls home to England. Two other ivory handsets are installed in the private car of the Secretary of State also on the train.

The two cars provided with telephones were also equipped by installers with weatherproof jacks to facilitate connection with land telephone lines at all major stop-over points. A separate magneto generator is used when common battery facilities are not available.

The excellent press and radio coverage of the Royal Tour that Canadians are enjoying is made possible largely because of special arrangements for telephone service. While no telephones are on the 12 car pilot train carrying press and radio reporters that precedes the Royal Train, special additional telephone service consisting of a minimum of 10 coin-box telephones has been provided at a number of points.

**July 30, 1959:** Campers and staff chat with Queen - The 1959 Teenage Camp Easter Seal ended last weekend, following one of the most memorable camp sessions in its history. Highlight of the two week camp was the visit on Wednesday, July 22, with her Royal Majesty, Queen Elizabeth II and Prince Philip at Hanley. The Queen graciously extended her scheduled 10 minute stop there, to take time to chat with a number of the campers and staff - a thrill they will remember for a lifetime! The campers

sang several specially prepared songs for the Queen and Duke, and added to the memorable occasion by presenting souvenir Camp Easter Seal crests to them.

The visit to Hanley was made possible by the Watrous Rotary Club and a number of Watrous citizens who extended the use of their cars to transport the campers and staff from Manitou Beach to Hanley. A car motorcade made the trip, led by the familiar ‘Camp Bunny Bus.’ The Royal Tour travel arrangements were only one of several offered by the Watrous Rotarians. Following the visit, they transported the campers across Lake Manitou to the farm of J.A. Treble for a special campfire and cookout supper.

Earlier in the week, the Rotarians treated the Camp Easter Sealers to a trip to the Drive-In Theatre at the Beach - a much appreciated excursion. Among those providing transportation for the various Teenage Camp events were: A.J. Gordon, R.A. Mollard, B.D. Beavers, Rev. J.B. Owen, Hugo Engele, J.G. Findlay, Easter Seal Chairman E.W. Kirkham, Mr. and Mrs. N.J. Allan, A.M. Crawford, E.V. Lundback, Mr. and Mrs. K.A. Gordon, E.C. Dahl, E. Denton, Ben Schroeder, R.A. Snell, Mr. and Mrs. J.S. Gibney, Francis McArthur and Wm. Hamilton.

**Oct. 7, 1987:** Watrous photos among those in Queen’s album - On Sunday, Oct. 18, in Saskatoon, Premier Devine presented Queen Elizabeth with a photo album, gift from the province of Saskatchewan. The photo album contains over 100 pictures of 27 Royal visits to Saskatchewan over the past 105 years. The first visit was made in 1882 by Princess Louise who named the city of Regina after her mother. In 1912, the Duke of Connaught was the member of the Royal Family who opened the provincial legislature building. This year marks the 75th anniversary of that building.

Most of the pictures came from the provincial archives, the provincial library and the Leader Post picture files. Only four pictures came from private sources. One of those pictures depicts the visit of King George VI and Queen Elizabeth to Watrous in 1939. This is one of the pictures that appeared in the Watrous history book, *Prairie Reflections*. Jean Sproule, who was the editor of *Prairie Reflections* was successful in locating a photo owned by Beth Mielicke of Saskatoon. Beth Stewart Mielicke was a former resident of Watrous.

Two albums were completed, the second of which will remain in the Saskatchewan Public Archives.

**May 30, 2005:** Manitou Beach residents Pat and Gary Hutton went to Lumsden May 18 to see the Queen. They had a very good view of the Queen and Prince Philip and were able to get several close-up pictures of the royals. Gary noted: What I found interesting was that Pat wore a dress sewn by her sister for Canada’s centennial in 1967. Imagine! After 38 years, Pat was able to wear the dress without alterations being made. Evidently Pat wore that same dress for events for Manitoba’s centennial in 1970 and now for the Queen’s visit to celebrate Saskatchewan’s centennial.

**Pat and Gary Hutton were up close and personal with Queen Elizabeth II during her trip to Lumsden, Sask.**

**Accession Proclamation Ceremony held:** An Accession Proclamation Ceremony was later held Sept. 10, 2022 at Government House in Regina. During the ceremony, Premier Scott Moe advised the Lieutenant Governor, as His Majesty’s Representative in the province, to issue a statement under the Great Seal of the Province of Saskatchewan announcing the death of Her late Majesty Queen Elizabeth II, and the accession of His Majesty King Charles III.

Flags at all Government of Saskatchewan buildings were hoisted to full-mast for the day of the Proclamation of the Accession of the King and returned to half-mast until the day of the memorial service.

His Majesty the King was proclaimed at the Accession Council earlier Sept. 10 in St James’s Palace in London. This ceremony is the formal method of sharing the news of a new sovereign taking the throne upon the death of the previous monarch. A similar ceremony was also held at Rideau Hall, with the King’s Privy Council for Canada issuing an Accession Proclamation under the Great Seal of Canada. The ceremony held in Saskatchewan affirms the importance of the Crown in the provincial context.

**Sask. proclaims day to commemorate life of Queen Elizabeth II:** The Government of Saskatchewan has proclaimed Monday, Sept. 19, 2022 as a day in tribute and commemoration of Queen Elizabeth II.

“Her late Majesty’s seven decades of selfless public service is an honourable legacy,” Premier Scott Moe said. “We will pay tribute to her incredible dedication and commemorate her 70-year reign in a memorial service in our capital city - the Queen City.”

Books of condolence continue to be available for the public at the Legislative Building, Government House, at City Halls in Regina and Saskatoon, as well as the website of the Lieutenant Governor of Saskatchewan. A memorial service is set for 7 p.m. on Sept. 19, at St. Paul’s Anglican Cathedral in Regina. Flags in the province will remain at half-mast for Her late Majesty until sunset on that date.

**NOTICE OF  
CALL FOR NOMINATIONS**  
**RM OF PRAIRIE ROSE NO. 309**

PUBLIC NOTICE is hereby given that nominations of candidates for the offices of:

**Councillor for Division No. 2**  
**Councillor for Division No. 4**  
**Councillor for Division No. 6**

will be received by the undersigned at the municipal office during normal office hours until **Wednesday, October 5, 2022 at 4 p.m. local time.**

Nomination forms may be obtained from the municipal office at:

**RM of Prairie Rose No. 309**  
**123 Main Street, Jansen, SK**

# NOTICES AND CLASSIFIEDS

### MEMORIAL SERVICE

A memorial service for Lillian Coen will be held in Lanigan, Sask. at the Knox United Church on Sept. 24, 2022 at 2 p.m. Frances Kitson will be the officiating minister. Coffee and lunch (dainties) will be served at the United Church following the service. Mom's burial will precede the memorial service on Sept. 24, 2022 at 11 a.m. in the Lanigan Cemetery. Family are welcome to attend at the burial service.

### OBITUARY

**JESCHKE, Reinhard (Ron) Karl**  
**Mar. 28, 1940 - Sept. 8, 2022**  
It is with great sadness that the family announces the passing of Ron Jeschke. Ron was born in Drake, Sask. and resided in Lanigan, until 1983 when he moved his family to Saskatoon.  
Ron will be sadly missed by his loving wife Ludy of 57 years.  
Ron had two children and four grandchildren: Cindy (Craig) Young, Zachary and Deanna and Daryl (Dawn) Jeschke, Chase and Brooke.  
Ron retired with CP Rail after 37 years and then proceeded to work for Carlton Trail Railway for 13 years.  
In his free time Ron enjoyed playing baseball, hunting, bowling, helping around the church and watching his Blue Jays.  
The funeral service will be held Friday, September 23, 2022 at 11:00 am at St. Paul's Lutheran Church, 627 Taylor Street East, Saskatoon.  
Martens Warman Funeral Home is honoured to be entrusted with the care of Mr. Jeschke. Please share your messages of condolences with the family at martenswarman.ca or call 306-934-4888.

*Obituaries can be found on our website. Go to [www.laniganadvisor.com](http://www.laniganadvisor.com)*

## Golfers aim for success at districts

■ Daniel Bushman

Golfers competing within Horizon Central Athletic Association teed off Sept. 13 at McNab Regional Park in Watson as part of the senior golf district championship. This year Watson's Jayden Sparks took first on the male

side carding a score of 76. On the female side, Watson's Hailey Chegus won with a score of 88.  
Locally a number of golfers competed in this year's senior golf event Sept. 13 and the results are as follows with the schools each represented according to Horizon. Any

local golfers not listed were unintentionally missed:  
On the male side, Ryland Martin of Watrous was third carding 83, Carson Anderson of Watrous tied for sixth with 92, Calder Jones of Lanigan placed eighth at 93, Dylan Froess of LeRoy was ninth at 94, Lukas Tuplin of LeRoy

was 12th at 97, Luke Prouse of Lanigan was 14th and carded a 98, Rylan Freeman of Imperial tied for 18th along with Tai Beischer of Watrous with 102, Joey Loyns of Lanigan was 24th with a 106, Hudson Boyko of Lanigan placed 32nd with a 119, Brody Metz of Imperial was 33rd at 122,

Ethan Robinson and Preston Van Damme of Imperial tied for 34th at 123, and Maddox Hendry of Watrous was 36th at 124.  
On the female side, Geri Lon Valdesimo of LeRoy was third at 114 and Shylo Frey of Watrous was fifth at 117.  
The top four finishers

in both events advance to the SHSAA Provincial Championship at Jackfish Lake on Sept. 23 and 24. Each golfer will have the opportunity to play for provincial gold, and the four males and four females will also compete as the HCAA team in the team event.

## Crop Report

■ media release

Ideal conditions over the past week allowed for producers across all regions in the province to make immense progress with harvest. According to the Ministry of Agriculture's weekly Crop Report for Sept. 6 to 12, 64 percent of the crop has now been harvested, up from 42 percent and just ahead of the five-year average of 57 percent. An additional 20 percent of the crop is ready to swath or straight cut. Many producers in the southwest and west-central regions have completed harvest and are on to other field work. There are concerns regarding soil moisture and a good soaking rain post-harvest would be ideal, as soil is drying out across the province after several weeks of minimal precipitation, wind and hot weather.  
Harvest is most advanced in the southwest region, where 93 percent of the crop is in the bin. The west-

central has 80 percent combined, the southeast 57 percent, the northwest 47 percent, the east-central 46 percent and the northeast 41 percent.  
Ninety-five percent of lentils and field peas, 90 percent of durum, 72 percent of barley, 68 percent of spring wheat, 39 percent of canola and 23 percent of flax has been combined. There is an additional 40 percent of canola that is ready to swath or straight-cut.  
Durum quality grades are estimated as 50 percent 1 CW, 30 percent 2 CW, 15 percent 3 CW and five percent 4 and 5 CW. Pea quality grades are estimated as 45 percent 1 CAN, 46 percent 2 CAN, nine percent 3 CAN and one percent Sample grade. Lentil quality grades are estimated as 34 percent 1 CAN, 60 percent 2 CAN and seven percent 3 CAN.  
Most of the province received very little to no rainfall. The Livelong, St. Walburg and Meadow Lake areas received a range of two to five mm which did not result

in major delays.  
Cropland topsoil moisture is rated as one percent surplus, 37 percent adequate, 38 percent short and 24 percent very short. Hay and pasture land topsoil moisture is rated as one percent surplus, 27 percent adequate, 44 percent short and 28 percent very short.  
The majority of crop damage was due to light hail, wind and dry conditions. Frost was reported from the southeast up into the northwest; damage is not assessed yet as some areas received more severe frosts than others. Strong winds have continued to blow swaths and shell out crops. There were also reports of damage caused by wildlife and waterfowl as they make their way south.  
Producers are busy combining, swathing, hauling bales and moving cattle. Post-harvest activities are well underway in some regions. Producers are noting that many areas are too dry to consider seeding winter cereals.

# Lazers kick off season

■ submitted by Lanigan Lazers coach Ryan Wilson

Lanigan Lazers tackle football took off to a great start over the weekend with the senior team travelling to Viscount on Friday, Sept. 9 and the junior team participating in a jamboree in Wynyard the next day.

The senior Lazers offence zipped out of the gate in Viscount with three touchdowns in the first quarter. Tailback Kacen Hyra got behind the Vikings defence with some terrific broken field running that led to a long run for six points. Copeland Balion kicked a two point convert to take the lead 8-0 at 9:36. Hyra reeled in a pass

from Balion that added a second touchdown at 5:57, and receiver Carson Kulchyski ran it in again with 3:57 remaining. The Vikings added two majors of their own at 5:05 and 0:34. The first of their touchdowns included the two point conversion and Lanigan led 20-14 after one quarter.

In the second frame, the Lazers led off scoring again at 9:12 with newcomer Aaron Toms filling in for Kulchyski. The Vikings responded at 7:26 with the second touchdown of the half from Will Brackner, with a successful two point conversion. Hyra scored his third touchdown of the night at 4:44, which was converted for

two by Balion, and Kulchyski scored his second with one second remaining in the half. A conversion added two more points, and at the end of the first half, the Lazers lead had increased to 14 points with the score 42-28.

The Lanigan defence held tight in the third quarter, and denied the end zone to the Vikings for the entire frame. The Lazers offence continued to march, with two more touchdown passes to Kulchyski, and a third to newcomer Rhett Bryksa. Balion converted on all three majors, and the Lazers led 66-28 heading into the final quarter.

The Vikings caught fire again in the fourth, with Kalan Lang (11:19) and Tanner Lowe (2:55) each scoring a touchdown, while Lang also kicked two point conversions after each major. Balion snuck past the Vikings with 1:15 remaining in the game and kicked the conversion for his own touchdown. After the Lanigan defence forced a turnover, the offence went into victory formation to end the contest with a score of 74-44.

On Saturday, Sept. 10, junior tackle teams from Lanigan, Watrous, Wynyard, and Foam Lake met for a jamboree in Wynyard. Following a morning skills session, each team had three games against opposition teams. At the jamborees, a “big” offence faces a “big” defence for 10 plays starting at the 40 yard line. After 10 plays, a “little” offence gets a turn against a “little” defence. Each side takes turns at both offence and defence in live scrimmages. The Lazers junior team nearly doubled in number this year, with a good balance of grade 7 and 8 players from Lanigan Elementary School, and a handful of grade 9 players from Lanigan Central High School. Both the “big” and “little” teams learned a tremendous amount about football, while having great fun! Touchdowns and spectacular defence was evident from all groups.

The football fun continued Sept. 17 with a junior jamboree in Lanigan. The senior Lazers return to action on Sept. 24 when they host Kamsack at the Lanigan Sports Grounds. See you on the field!
