## Local woman keeping close eye on situation in Ukraine

■ Daniel Bushman

The images are heartbreaking and the devastation unfathomable as Ukraine and its people continue to endure significant attacks and loss. With tensions escalating, Russian military forces invaded Ukraine during the early hours of Feb. 24 and since that time, the world has been watching the uncertainty and horror unfold.

In Saskatchewan, where more than 13 percent of the province’s residents trace all or part of their ancestry to Ukraine (according to the last census), many like Liudmyla Voitsikhova, her husband and their two daughters, Alina and Katya, who moved to Canada in 2013 still have family in Ukraine.

While more than three million refugees have already fled Ukraine since the invasion (according to the UN International Organization for Migration), millions remain including Liudmyla and her husband’s families.

“All of our family lives in Ukraine,” she shared. “I have family who live in Western Ukraine in the Ternopil region. My husband’s family lives in the Vinnitsa region, it’s the centre region of Ukraine. For the last few days people living there have been under constant stress and in unbelievable danger.”

Living in Drake and cutting hair in Watrous, a few days before sharing her family’s situation, Luidmyla said an airport about 30 kilometres away from her husband’s family home was bombed. “Every morning we start our day by calling our family there. It’s so scary and hard for everyone who has family in Ukraine.”

While the situation in the Ternopil region where Luidmyla’s family lives is not as severe as in the Vinnitsa region where her husband’s family is or even in the Kiev and Eastern regions, Voitsikhova said it is still extremely hard to see the devastation and destruction.

“It has been heartbreaking to watch how our country is being destroyed, how the Russian army killed our people, and worst of all, kids being killed because one crazy tyrant wants to show the world his power, and wants to take Ukrainians’ freedom.”

According to The Kyiv Independent, as of Mar. 14, the UN stated civilian casualties had reached 1,761 while 97 Ukrainian children had been killed and over 100 injured since Russia launched its invasion. “Nobody thought the Russians would invade Ukraine, kill Ukrainian people

## Wildcats take silver at provincials

■ Daniel Bushman

Despite a winter storm delaying their journey to provincials, once the Winston Wildcats mixed high school curling team arrived in Swift Current, the rink was not only ready to roll but took aim at securing a spot in the final.

Sweeping through pre-districts, districts and gaining momentum in regional play to advance to provincials, the team representing Watrous planned on leaving for Swift Current Mar. 10 but the weather forced the team to head out early Friday morning instead.

Due to the elements creating hazardous travel, Saskatchewan High Schools Athletic Association pushed all of Friday’s draws back,

changing them to six ends as opposed to eight. Despite the adjustments and having to get up early Mar. 11, the Watrous rink led by skip Erika Oakes (Gr. 10), third Kade Thomas (Gr. 11), second Annaka

Miettinen (Gr. 12), lead Nick Lawrence (Gr. 11) and coached by Rene Miettinen and Dawn Lee got off to a solid start.

In the first game, the blue and gold beat Leoville 5-4 and followed that up

with another victory, this time over Canora 7-2. With a record of 2-0, Watrous met Avonlea in a 5 p.m. draw but came up on the

# New commander takes up post at Watrous RCMP Detachment

■ Daniel Bushman

After spending the majority of his career policing in Saskatchewan with postings in North Battleford, Big River, La Loche, Meadow Lake, and Warman, Sgt. Rielly Knock recently received the role as Detachment Commander for the Watrous RCMP.

Taking over from Sgt. Jeff Friedenstab in mid-December, Knock who will have 15 years of service this summer said the transition has gone well. "This new role has been fun to learn. It is a fair bit different working directly with community officials rather than responding to calls for service but I'm enjoying the change of pace. I like working with communities to find ways to improve everyone's sense of security and contribute to community well-being."

Also a part of the RCMP Musical Ride in 2010 and 2011 that toured across Canada and abroad, since moving to Watrous late last year, Knock feels like the community is a great town with fantastic people. "I hope that as the weather warms up and I settle into the job here that I'll be able to join in on some community events and see what the area has to offer! I'm told there is no shortage of good bakeries nearby and I intend on testing them all out for the best donut!"

► Pictured above: Sgt. Rielly Knock has taken on the role of Detachment Commander for the Watrous RCMP. photo by Daniel Bushman

Knock also noted he is looking forward to the summer where he will be able to meet people and take part in various events. "I might even try and catch a few movies at the drive-in as well!"

Born and raised near Floral, Sask., Rielly grew up playing sports, musical instruments and enjoys the outdoors. After his family moved to Saskatoon, Knock attended high school and graduated from Walter Murray Collegiate Institute. With a degree in Biology from the University of Saskatchewan, he can also speak French and a little bit of Spanish.

Now joining three other members at the Watrous Detachment (Cst. Diduck, Cst. Friesen and Cst. Carrière who arrived just before Knock did from the Wadena Detachment), the Detachment Commander encourages residents to reach out if they have any questions or concerns. "We're here to serve our communities, and it can be hard to do when we don't know what's happening, or when people think they're being a bother. Even if the matter feels trivial, we can use the information to assess trends and decide where to deploy our resources."

and destroy cities. The morning of Feb. 24 changed the lives of Ukrainian people.”

According to the Armed Forces of Ukraine, since the invasion, it is estimated that as of Mar. 18 at least 14,200 Russian troops had been killed while 93 planes, 112 helicopters, 450 tanks, 205 artillery pieces, 1,448 armoured personnel carriers, 72 MLRS, three boats, 879 vehicles, 60 fuel tanks, 12 UAV, and 43 anti-aircraft warfare had been lost.

As of Mar. 14, The Kyiv Independant noted Russian troops had seized only one Ukrainian regional capital – Kherson – but were trying to enter Kyiv, Chernihiv, Sumy, Kharkiv, Mykolaiv and Mariupol as other cities were being destroyed.

“Ukrainian people are a great and strong nation, they don’t want war, but everyone is doing their part to help the Ukrainian army,” said Voitsikhova speaking of the resilience of those in the country. “This war will end in two ways: number one, Ukraine will overcome

Russia. Number two, Russia will lose.”

Like so many in Ukraine and around the globe, Liudmyla is not giving up hope that Ukraine will withstand the invasion and prevail. “It has been great to see people all over the world helping and supporting the country where I was born and raised in. I’m so thankful for everyone who called or messaged me asking about my family.”

After moving with her husband and their two daughters to Saskatchewan nearly 10 years ago from Terebovlia, Voitsikhova remains very grateful to live where she does but knows that so many are in desperate need of aid back in her home country. “People have helped by sending donations to Ukrainian people and the army. One of my Ukrainian friends is Hanna Chernykh whose family lives in one of the most destroyed cities in Ukraine, Sumy. She has helped organize donations. She and many other Ukrainian women in Saskatoon are collecting money by donations, and by making and selling cabbage rolls. They send money to Ukrainian volunteers in Eastern

Ukraine who use the money donated to buy food and medicine for those in need, especially the people who are in bomb shelters. If anyone would like to make a donation to support people in need you can make an e-transfer. If you have any questions contact Hanna by email: nickolanna7984@gmail.com or text me at 1-306-360-7227. I am so grateful to everyone who has donated money to those back in Ukraine, it has meant so much to me and my family.”

As the invasion entered yet another week, Russian warships began shelling the Ukrainian coast in Odesa while a curfew was extended in Kyiv. On Mar. 15, in a show of solidarity, the Prime Ministers of Poland, Czech Republic and Slovenia arrived in Kyiv to meet with Ukraine President Volodymyr Zelenskyy. Resilient and refusing to give in, Liudmyla said Ukrainian people will continue to fight and continue to do what they can to keep their country, something she is proud of. “I think it doesn’t matter how long and how far you live from your home country, a piece of your heart will always stay with your family and friends.”

losing end 8-2. Despite the tough loss, the Wildcats ended the day first in the pool, putting them into the Saturday’s playoff.

Meeting Lampman in the 10 a.m. semifinal draw Saturday, Watrous won 6-3 to advance to the provincial final. The Wildcats faced a familiar opponent from Canora who beat Tisdale in their game 7-3. In a hard

fought provincial final, coach Dawn Lee explained one end did not go quite as planned for Watrous which meant fighting to get back into the game. Trying to catch up, the Wildcats were not quite able to make up the difference and took home silver as Canora won 7-3. In the bronze medal game, Tisdale defeated Lampman 7-5.

Capturing a silver medal at provincials and reflecting back on the season, on behalf of Miettinen, Lee said both coaches were very proud of the team and all they accomplished. “They had lost only one game on the way to provincials, but that didn’t change their attitudes, they just took it one game at time. They

were so excited to be at provincials but I don’t think they really thought they could get to that gold medal game.”

With a lot of supporters cheering them on from the curling rink and from back home, Lee said, “Our fans and supporters had all the faith in the world that they could get there and win! It’s a tough game to watch

when you are behind the glass because there is no cheering that they can hear. But while they couldn’t hear us cheering, this team was scrappy and they just kept playing their game and did it well.”

Lee noted every time the rink of Oakes, Thomas, Miettinen, and Lawrence stepped on the ice, they became a team

that worked together to get the job done. “They are a lot of fun at the rink and Rene and I enjoyed coaching them. They came to practice all year, doing the drills, playing little mini games and putting in the effort. They are good curlers and you can see it. We are so happy for what they have accomplished, they deserved it.”

# SGI customers to receive rebate

■ media release

This spring, SGI customers will receive a \$100 rebate for each vehicle they had registered as of Mar. 9, 2022.

Everyone who registers a vehicle pays into the Auto Fund, Saskatchewan’s self-sustaining, not-for-profit basic vehicle insurance program. The Auto Fund does not take or receive money from the Government of Saskatchewan. The Auto Fund has a Rate Stabilization Reserve (RSR) that acts as a “rainy day” fund to cushion customers from sudden increases in their vehicle insurance.

Rebates of \$100 will be provided to the owner of each

vehicle or motorcycle that was registered as of Mar. 9, 2022. All classes of vehicle (private, commercial, farm etc.) are eligible. Trailers and snowmobiles are not.

Initial estimates put the total cost of the rebates at approximately \$95 million. Rebates will be issued to the person or entity listed as the registered owner. Customers who had multiple vehicles or motorcycles registered as of Mar. 9, 2022, will receive rebates for all vehicles combined into one cheque.

Over the next number of weeks, SGI will prepare more than 700,000 rebate cheques. Customers are encouraged to ensure their mailing address is up to date with SGI before mailout occurs later this spring at a date to be determined.

## Local MP endorses candidate for CPC leadership

■ media release

Moose Jaw-Lake Centre-Lanigan MP Fraser Tolmie has officially endorsed MP Pierre Poilievre in his campaign to become leader of the Conservative Party.

“Over the past several days, weeks and months, I have been listening closely to constituents about their thoughts on our leadership and the upcoming leadership race,” Tolmie commented. “After much consideration and many conversations, I am pleased to announce that I will be supporting my fellow colleague, Pierre Poilievre.”

Tolmie cites Pierre’s western roots and bilingualism as key reasons for his endorsement.

“Pierre was born in Calgary, has deep family ties to Saskatchewan, and understands the West. At the same time, he has been elected seven times in a row representing a riding in Southern Ontario. Pierre is also fluent in French giving

him a strong advantage when communicating our positive vision for Canada’s future to new voters in Quebec and other French speaking regions in our country.”

He also spoke of his extensive legislative experience and commitment to fighting for the interests of everyday Canadians.

“He is principled and he has integrity. He has unmatched parliamentary experience and expertise, and I am confident he has what it takes to build a team who are ready to serve this great nation. He is already fighting for the interests of Canadians.”

He also shared a story of a personal call from Poilievre that made a lasting impression. “Pierre was the first MP to call me after I won the nomination to be candidate for the Conservative Party in the 2021 Election. That meant a lot to me, and I consider Pierre a friend.”

Tips from  
Reena Nerbas

and the following happened: my wife told me to put powder on it, but I did not listen. I washed it with water. It spread from two spots to one large spot. I then washed it with vinegar, but the stain remained, so I sprayed WD-40 and washed my pants with a regular load of clothes in the washing machine. The pants still have a stain. What do I do now? Please help, your guidance is much appreciated. Abbas

**Dear Abbas,**

It sounds as though you have done a great job acting quickly to remove the stain. Cover the stain with glycerin and squeeze the juice of a lemon onto the stain. Wash as usual and air dry or dry the garment in the sun. Repeat this process until the stain is gone. Avoid dryer use as the heat of the dryer will set the stain.

**Dear Reena,**

Any advice on making flaky pie crusts? My track record tends to be creating hard crumbly disasters that make me feel like giving up on baking pies. Thanks, Meghan

**Dear Meghan,**

The secret to making fabulous pies is not to over knead. Handle or mix the dough as little as possible and make sure the dough is very cold. When rolling the dough you should still see flakes of butter. For an easy and delicious pie crust, check out the recipe on the back of the Crisco shortening box.

## Solutions and Substitutions

**Dear Reena,**

I love to eat breaded meat. How can I prevent bread-ing from sticking to the pan? All the best, Melanie

**Hi Melanie,**

The key is to use two steep pans and a bowl. Fill the first pan with flour. Put beaten eggs into the bowl. The second pan should be filled with dry bread crumbs, seasoning and a teaspoon of lemon-pepper, salt and Parmesan cheese. The flavour is all on the outside and you want the taste to last for the entire chew. Put the meat into each bowl. Pat firmly. Flip each piece over and repeat. Put the meat uncovered in a single layer in the fridge for an hour or so. The egg seems to evaporate and you are left with a nice crust before you even cook it. Either pan fry in a mix of a little oil and butter or olive oil. Baking works well with stuffed chicken but tends to get a little gooey on the bottom.

Neighbourly advice  
according to Ed

A spiritual column  
by contributor  
Raymond Maher  
[www.accordingtoed.com](http://www.accordingtoed.com)

Volunteers are not always available to help out. Some jobs are beyond just one person. For example, building a house is a big undertaking for one individual. My old neighbour Ed says that helpers show up at church for the promise of food. And also, that friends show up to help with a project because you are supplying the beer. Helping others is not without its own price to pay. Some say, “Don’t be quick to volunteer; for it could turn out to be far more involved than it was supposed to be.”

## Labour shortage: in need of faithful builders

God called Moses in the Old Testament to lead His people out of slavery in Egypt. Moses was reluctant to lead God’s people. He made excuses for why he was not suited to be God’s leader. Ultimately, Moses was convinced he was dealing with God and he came forward to lead as God wanted as God wasn’t taking ‘no’ for an answer.

Yes, it turned out to be far more challenging than Moses could have imagined. He found out not only was he to lead the Israelites out of Egypt to the Promised Land, but also God was having Moses build God’s people in a new house or body of believers in the power and supremacy of their God.

God’s people in Egypt had been enslaved so long and part of Egyptian culture for so many generations that many had trouble believing in the God of Moses and their ancestors. Nevertheless, they witnessed many miracles

and were okay with God’s help and blessings, as Moses led them toward the Promised Land.

However, when food or water were scarce, they rebelled at listening to God and doing as God said through Moses. As a result, many Israelites never believed in God fully and faithfully. When things were not going well, the unbelievers would grumble and complain about God; when they were asked to follow God’s word, they would rebel and resist God because they did not trust Him.

As Moses was trying to build up the faith of God’s people as they travelled, many were intent on tearing down what Moses was trying to build up. They became hardened in their unbelief in God. They remained skeptical of God and impatient with God and the leadership of Moses.

Moses remained faithful to God’s household on earth. Moses realized that God

builds his people and is the builder of everything. Moses faithfully worked to build God’s house facing much rebellion and testing from unbelievers. Many refused to believe; they were obstinate, they became more and more hardened in their unbelief.

God distinguishes between those who doubt Him and those who refuse to believe in Him. Doubt is honestly admitting being unable to believe presently, but doubt is still open to a change from uncertainty to belief at some future time. Therefore, no one can be forced into belief in God, and likewise, no one can be forced into unbelief.

God sent Jesus as the faithful head of His house and people. Jesus calls us to believe in Him in hope and courage. He invites us to find rest for our souls in our trust in Him. (Hebrews 3: 1-19) Unbelief definition: a good opinion of oneself and a bad opinion of God. (Horatius Bonar)

# U15 Hawks advance to Provincial C final

■ Daniel Bushman

It was setting up to be a magical season for the U13 Hawks in 2020 as the team was on the verge of competing for a provincial title. Then the COVID-19 pandemic halted the season and the club’s run came to an abrupt end. Fast forward to 2022 and the bulk of that team is now part of the U15 Hawks and like the team did in 2020, the group is taking aim at winning a provincial championship.

Watrous Hawks head coach from the 2020 and 2022 seasons, Patrick Bartko, said this year feels like a bit of a redemption season after seeing the 2020 provincial run cancelled due to the pandemic.

“We were one win away from winning the North title and hockey got shut down the week after we won the first game. You can imagine the disappointment that year,” explained Bartko whose team is now the last one representing Watrous in provincial play this season. “You don’t get a chance to compete for a provincial title very often so it was tough. For the players, a major difference between U13 and U15 is the fact that body contact is introduced to the game. We are a very young team and presently only have five second year players, one being a goalie. Last year these five players only played in four regular season games with body contact before covid shut competitive play down for a second year in a row. We finished the season with a ‘practice only’ format, therefore, all the U15s were basically starting this year from scratch with regards to contact. Body contact is an intimidating aspect of the game; however, after a couple of months, the players have matured into a very physical team.”

Throughout the regular season Bartko shared the team continued to improve and after finishing fifth in league they defeated Muenster in the first round of playoffs. However, after facing a hard first place Strasbourg team in the next round, the Hawks were eliminated from league playoffs.

Entering provincial play, the Hawks took aim at making some noise and after receiving an opening round bye, met a tough Shaunavon club. In game one the pair tied 4-4 before coming back to Watrous. In game two, the Hawks had another back and forth contest with the Badgers and with some timely saves and big goals from both sides, teams tied at four once again. Forcing a tie-breaking mini game and with the return of its captain - who had been given a game misconduct halfway through the second game - for the extra 10 minute frame, the Hawks found momentum and were able to win 3-0 to advance to the South final against Carlyle.

With Carlyle fresh off wins over Cupar/Southey in round one and Strasbourg/Raymore in round two (teams who finished at the top of the standings in the same league as the Hawks), Bartko was not sure what to expect from the opposition. “There is a lot of parity this year and it just depends on who shows up to play. Going against Carlyle we didn’t know what to expect because they beat the top two teams from our league.”

However that did not stop the U15 group from overcoming the odds as they started to catch fire. With Bartko joined by coaches Ryan Rheaume and Derek Morelli on the bench, they watched as Carlyle took an

early first period advantage. During the intermission though, the coaching staff made a few adjustments and the Hawks went on to win 8-3.

Then in game two on Mar. 13, Watrous headed to Carlyle and at the buzzer, celebrated by punching its ticket to the provincial final with a 6-4 win.

“All of our players have been very important to our success during this run and that includes our role players. When called upon to fill in they have done a great job. The team is having a great time and we are getting scoring from both lines, receiving great goaltending and it is coming together at the right time.”

As the team rides a wave of momentum, Bartko also attributes some of that to the community as well. “It is exciting to hear they are behind the kids and you can feel the electricity in our building. I told our kids that they are inspiring a lot of young kids watching the games and they should keep playing the way they are. We also

► With a big series victory over Shaunavon to begin its quest for a provincial title, the U15 Hawks representing Watrous faced a tough Carlyle crew. Despite a tall task ahead, the Hawks were able to defeat Carlyle to capture the South title and advance to the Provincial C final. In the championship series, Watrous met Edam/Turtleford with game one in Turtleford Mar. 19. The series moves to Watrous Mar. 26.

have to recognize our team manager, Rhonda Kelly, and our covid rep, Jill Tarasoff, for all they do for us off the ice. As well, the players’ parents for all their support this season. Jeff Siegfried and the Watrous Winterhawks have also been awesome in allowing us to use their dressing room during our home games and accommodating that for us. The kids are living and playing with a lot of pride in their hearts as they are representing their town.”

With the win over Carlyle, the U15 Hawks now face Edam/Turtleford after they defeated Delisle to capture the North title. Game one of the Provincial C final was scheduled for Mar. 19 in Turtleford before moving to Watrous Mar. 26 at 7 p.m. With the series shifting to Watrous after game one, Bartko knows the town will be behind the team. “We have really appreciated the community for their support, the kids enjoy a packed rink and we have appreciated all of the kind words we have received so far.”

With a goal of collecting a championship, to advance to the final, Drake defeated Balcarres, Milestone and Southey while Meadow Lake had to beat Warman and Biggar.

In game one in Meadow Lake, according to the score sheet, both clubs were held off the scoreboard through 20 minutes before the Broncos opened the scoring in period two. With a marker less than halfway through the period, Meadow Lake took a

1-0 advantage into the third.

Early on in the final stanza, the Canucks tied the contest with 17:18 remaining as Carter Coben tallied from Dave Stumborg and Maguire Blair. However, despite being out shot, Meadow Lake replied with a couple quick goals followed by one with less than two minutes remaining to take the opener 4-1.

The league also announced its award winners for this season selected by votes from teams in the league. Winning the LLHL MVP was Foam Lake's Travis Mayan. Most Gentlemanly went to Drake's John Lawrence while Top Defenceman was awarded to Lanigan's Colby Harmsworth. The Coach of the Year was a tie as Drake's Duane McLaren and Foam Lake's Ron Zadorozniak both took the honour.

# VISCOUNT

Sandra Reid • 306-227-1193

Mar. 9, three enjoyable hours were spent working on blankets at the Viscount library. There were four of us working away sipping tea while joining squares. There is room at our table for those who wish to give a hand or who simply want to stop by and visit, so feel free to do so. Blankets for Canada is a wonderful organization that provides blankets to those in shelters and in need.

Please let me know if you have news to share. Email elr.slr@sasktel.net or phone 306-227-1193.

You gallantly faced your last day with us here. Knowing God was calling, you had no fear. Sharing memories and goodbyes up to your last breath,

### Thank you

A very special thank you to our friends and family far and near and to neighbours for phone calls, cards, food, thoughts and prayers. media release

The ambitious fundraising goal for STARS’ fleet renewal capital campaign in Saskatchewan has now been reached, thanks to a generous \$2.5 million commitment from Mosaic, announced Mar. 16 at the STARS base in Regina.

The Keep the Fight in Flight campaign was launched in 2018 to renew STARS’ fleet of aging air ambulances with Airbus H145 helicopters, at a cost of \$13 million each. Mosaic’s \$2.5 million gift will support ongoing mission operations in Saskatchewan as well as help fund the three new H145 aircraft needed to serve patients across the province.

“Mosaic supports organizations that are making a difference in the communities where our employees live and work,

Mosaic renews commitment to STARS

and STARS continues to play a life-saving role in our province,” said Bruce Bodine, Mosaic’s senior vice president, North America. “Investing in STARS is critically important, and we want to show our commitment by ensuring they can operate in our province for years to come.”

As a charity, STARS relies on its donors to help achieve excellence and drive innovation in critical care. Mosaic has been a strong STARS supporter since the non-profit established operations in Saskatchewan in 2012, and the announcement brings the company’s total support of STARS to more than \$10.5 million. In recognition of this milestone, STARS’ Regina hangar will officially be named the “Mosaic Hangar at STARS Regina.”

“STARS was built by the community for the community, and with support from long-time supporters like Mosaic, people working, travelling and playing across Saskatchewan continue to have access to critical care when they need it most,” said Andrea Robertson, STARS president and CEO.

STARS has flown hundreds of missions in the new helicopters since receiving its first H145 aircraft in 2019. Thanks to government, community and corporate support, the renewed fleet will be implemented at all six STARS bases across Western Canada later this year.

“These new aircraft are a generational investment in our ability to fight for the lives of Saskatchewanians for decades to come, and we’re incredibly grateful to Mosaic for their financial support to help us reach our goal,” Robertson said.
