New walking trail ready as date for ribbon cutting set

■ Daniel Bushman

With some beautiful fall weather, work on the new walking trail joining Watrous and Manitou Beach not only progressed but the project is now essentially completed.

Planning to have a ribbon cutting and soft opening of the trail Oct. 21, local resident Ron Ediger who took care of the project along with his company Melron Services Ltd. is looking forward to seeing it utilized. "The walking trail is totally complete and sand sealed and we were fortunate to get it all wrapped up. Everything is done except for some signage but that will be installed prior to the soft opening."

Meeting with the Town of Watrous and Resort Village of Manitou Beach, Ediger said dignitaries will be on hand at the start of the new trail near the Watrous Rotary gazebo, landfill road and Watrous Cem-

etry at 2 p.m. Oct. 21 to cut the ribbon.

"After the ribbon cutting people are welcome to do a test walk. Along with the dignitaries, we will have a couple people from Watrous and a couple from Manitou Beach present at the ceremony because they are continuous walkers and always using it. Having three families donate benches in memory of loved ones along the trail has also been really tremendous and appreciated and we would sure like everyone from the communities to come and check it out if they can."

Excited to reach a conclusion on the substantial project, Ediger feels the walking trail will be uplifting for both Watrous and Manitou Beach. "This goes to show that we can put the town and village together, and joining with the Rotary Walking Trail, we can bring the two communities together as one."

Along with seeing both places bridged together, the completion of the trail also marks the 25th anniversary of Melron Services Ltd. "Twenty-five years ago I came here with a single backhoe and this community and the area has been so good to us. I always like to give back to the communities who have supported me for those 25 years and the people around here for miles have been good to me. I also want to thank everyone, especially my staff, who have helped me to be able to do this. I have had a

lot of support that way as well."

After a soggy start to spring delaying progress on the walking trail, nicer weather in the summer and fall allowed staff at Melron Services Ltd. to get everything wrapped up in October.

Seeing a need to create a trail that essentially joins Watrous and Manitou Beach, Ediger wanted to help make it happen after the Watrous Rotary along with generous sponsors and volunteers created a pair of trails for residents and visitors to use near Watrous. The new trail, which Ediger has covered the entire cost of, spans approximately three kilometres between the two communities.

Extending northeast from the first trail originally completed by the Wa-

trous Rotary, the third trail continues past a gazebo toward the Watrous Cemetery. Walkers can veer off the gravel road as the new trail will take them along a corner of the cemetery to the main gates. From there walkers can cross Hwy. 365 to the other side of the trail. Once across, the trail runs alongside Hwy. 365 toward Manitou Beach. Reaching the turnoff to Murray Disc Golf, Ediger extended a portion of that gravel road which wraps around a slough and into a field. "We have received permission from the owners to use part of their land which was really generous so we have the trail running right next to the slough and then toward the farmyard."

At the farmyard, a path has been cut near the hedges adjacent to the highway and a six foot barrier in-

►After tremendous progress in September and early October courtesy of nice weather, the new walking trail connecting Watrous and Manitou Beach is essentially completed. Ron Ediger who has spearheaded the project is holding a soft opening of the trail Oct. 21.

stalled on the other side to allow privacy from the yard site. The trail then continues alongside the highway running between a pasture and signs at the entrance to the Resort Village of Manitou Beach. Creating walking space near another home, the trail goes through a treed area before reaching the Manitou and District Regional Park Campground. With room around some hedges, the trail leads walkers by the entrance of the park and then out in front of The Drive-In at Manitou Beach where a path is currently

being used. Redoing that path, Ediger explained the trail will come to a conclusion at Lakeview Avenue, near the Resort Village of Manitou Beach's office and Manitou Mini Golf.

"Having the trail end there provides people an opportunity to take in the nearby attractions or they can continue along to the beach," said Ediger.

Following the soft opening and ribbon cutting of the new walking trail, Ediger said once spring arrives, there will be an official opening with other dignitaries in attendance.

Mackenzie arrested in Halifax on Canada-wide warrant

On Sept. 28, 2022, at approximately 2 p.m. (AST), officers of the RCMP/Halifax Regional Police Integrated Criminal Investigation Division arrested 36-year-old Jeremy MacKenzie at a home in Cole Harbour, N.S.

As a result of this investigation, Jeremy Mackenzie was in police custody and was scheduled to appear in court in Saskatchewan Oct. 3, 2022.

The Saskatchewan RCMP Provost unit assisted in the transport of Mackenzie pursuant to Sec. 503(3)(b) of the Criminal Code, from Halifax, N.S., to Saskatoon, Sask. within the six-day remand time. The Saskatchewan RCMP Provost unit's involvement in this transport follows routine protocol for partner police agencies requiring assistance.

The Saskatchewan RCMP would like to thank partner police agencies including the RCMP/Halifax Regional Police Integrated Criminal Investigation Division for their assistance with this investigation.

Mackenzie's arrest warrant in Saskatchewan was extended to all of Canada on Sept. 21, 2022.

Saskatoon RCMP received a report in March 2022 of an assault that occurred in November 2021 in the Rural Municipality of Viscount. As a result of investigation, on July 18, 2022, 36-year-old Jeremy Mackenzie of Nova Scotia was charged with: single counts of assault, section 266 of the Criminal Code; point a firearm, section 87(2) of the Criminal Code; use a restricted weapon in a careless manner, section 86(1) of the Criminal Code; and mischief, section 430(4) of the Criminal Code.

Disturbance at Nipawin hospital

Walks are continuing with the Gr. 8 students pushing wheel chairs. We are enjoying playing the bells with the Gr. 4s and had a great time at the Gr. 5 bingo! report of a female who had injured a police officer with a knife at the home. Initial efforts to apprehend the female were unsuccessful as she continued to resist arrest. Additional RCMP resources and an ambulance were called to assist.

In the meantime, the responding police officer was able to disarm and apprehend the woman. She then became unresponsive. Upon arrival, EMS administered Naloxone to the woman. She was transported to a hospital in Saskatoon for further medical treatment and has since been released. The RCMP officer did not require an ambulance and received medical

treatment at a hospital for minor injuries.

The knife was located on scene and seized for further investigation by police.

Apple Crisp

Ingredients:

4 to 5 apples
4 tbsp. brown sugar
1 tbsp. molasses
2 tbsp. water
1 tsp. cinnamon
2 tsp. vanilla

Directions:

Wash, core, slice and peel apples (I do not peel apples from local trees as I find the skins are tender). Mix the other ingredients together and toss with apples in casserole dish or deep cake pan. Make the following topping and pat over the apples.
3/4 cup whole wheat flour (white is okay too)
2/3 cup brown sugar
1/2 cup chopped walnuts
1/2 cup oatmeal (instant is okay but regular oatmeal is better)
5 to 6 tbsp. softened butter
Mix topping ingredients together, blending with a fork. Pat gently over the apples. Bake at 375°F for 35 to 40 minutes.

taste. Bold, strong flavours include aged cheddars, Gruyère, spiced cheeses and blue cheeses. Milder flavours include Colby, mozzarella, young Brie, fresh goat cheese and Havarti.

- Certain cheese freezes well such as Camembert, Brie and goat cheese. Simply place them in a sealable bag or a good quality plastic container to freeze. Defrost them in the fridge; they will still taste great for at least two months. Drier cheeses such as cheddar or Parmesan do not freeze as well, some of the flavour and texture is compromised.

- Use dental floss to slice super soft cheeses. Lay the floss under the cheese, pull it up and cross both ends to slice off pieces without squishing the block.

- When making homemade pizza keep your crust crispy by sprinkling it with cheese before adding sauce.

- Colour cream cheese with liquid food colouring when using the cheese to fill rolled sandwiches. Use a variety of colours for every layer; slice it as you would a jelly roll.

- Cream cheese will last longer if you store it upside down to create a secondary seal.

- After slicing a block of cheese, rub the cut end with a layer of butter to prevent it from becoming hard.

- I love making grilled cheese sandwiches, but I do not like to use my oven and I do not own a toaster oven. What I do instead is lay my toaster on its side and then put the toast with the cheese layers in the slots. I have perfectly grilled cheese every time. I also lay a cutting board under the toaster so that my counter is not full of crumbs. Do not add too much cheese or the cheese

Solutions and Substitutions

will spill over the edges. Submitted by: Beth

- Most cheese experts agree that storing cheese in plastic wrap is not recommended. Results show that it loses some of its flavour and takes on the flavour of the plastic wrap.

- It is not necessary to store all cheese in the fridge. Hard cheeses can be stored in a cool room with a constant temperature of 8 to 15°C, while soft and blue cheeses should be refrigerated at a temperature of 5 to 8°C. About an hour before serving, take the cheese out of the fridge or cool room and let it reach room temperature.

- I do not own a stove because I live in residence at university. I make grilled cheese sandwiches by wrapping them with foil and pressing them with a warm fabric iron. Submitted by: Davis

- Whenever we cook Kraft Dinner, we always have leftovers. I do not want to throw them out, but it never tastes as good after being reheated. I have discovered how to keep the leftovers tasting great. For two cups of leftovers, I add one-quarter cup of shredded cheese and one egg. Scoop the mixture into a muffin pan sprayed with non-stick spray and sprinkle with bread-crumbs. When I want to eat the leftovers I bake them in the oven at 425°F for eight to 10 minutes.

- Give grilled cheese sandwiches a unique flavour by smearing the inside with mayonnaise instead of butter.

- Standing in a hot kitchen grating cheese for hours has forced me to come up with an easier way to do my job. Instead of standing a grater up, I lay it on its side and use it to grate cheese. The position is easier on my arms and the result is less messy. Submitted by: Mimi

There's celebrating in heaven over one sinner who repents

Neighbourly advice according to Ed

A spiritual column
by contributor
Raymond Maher
www.accordingtoed.com

On a treadmill, we exercise by walking or running on a machine. We cover a distance while staying in one place. Sin is like being on a treadmill that starts us walking or running at

a low and manageable level. Sin is exhilarating enough to get us stuck going around and around in what keeps us from getting off the treadmill. Sin gets us dizzy, exhausted, and out of breath, but it will not slow down and let us get off the machine. Sin makes us reckless and unable to stop what we are doing. We need God to help us use the stop button on our sinful workout routines.

The Christian life is admitting we need God because sin comes naturally to us and we do not know our sinfulness except by God's word,

which shows what sin is in our lives. Like sheep, we get lost and hurt without the protection of a shepherd. Shepherds take care of their flock of sheep. Each sheep in a flock needs to be accounted for to know if one is lost. Shepherds led their flock to a sheep pen or fold for the night. There they could be protected from the attack of natural animal predators and human thieves. They could sleep and rest safely with their shepherd keeping watch over them.

The Pharisees and the law teachers criticized Jesus for welcoming tax collectors and sinners

who gathered to him to hear him speak. They also carped about Jesus eating with sinners. So, Jesus told his critics to consider how there is great joy and rejoicing when what is lost is found, notably a sinner who repents.

Jesus asked his critics to think about being a shepherd who finds a lost sheep and returns it to his flock. It is a great reason for the shepherd to be pleased and eager to share his joy with his friends and neighbours. The shepherd had 99 sheep safe out of his flock of 100 and he did not need to rejoice about

their safety. However, he needed to rejoice that the one lost sheep was found and brought again to the flock's safety. Likewise, Jesus states that heaven has great joy over a sinner who repents more than the 99 who do not need to repent.

Jesus also tells his detractors that if a woman has 10 silver coins and loses one, she will set to work to find the lost coin. She searches carefully and when she finds the lost coin she is relieved and thrilled. The woman will call her friends and neighbours to rejoice with her because she has

found her lost coin. She is not joyous about her nine coins that are not lost but about the lost one being found.

Jesus said, "In the same way, I tell you, there is rejoicing in the presence of the angels of God over one sinner who repents." (Luke 15:10). The Pharisees and teachers of the law could not understand that Jesus did not come to call the righteous, but sinners to repentance. God loves sinners. He and heaven rejoice when a sinner repents. He is mighty to rescue the lost and quiet them with his loving safety. (Zephaniah 3:17)

COLONSAY
Irene Gray • 306-255-2775

Congratulations to Jordan Holland and Janaye Molnar on the birth of their daughter Isabelle Shelise on Monday, Sept. 26. Jim and Irene Gray attended the funeral service for Ervin Gross at the Watrous Civic Centre Tuesday, Sept. 27.

His daughter Treena Acton gave the eulogy. Also attending were the Gray cousins Duane and Marlene Marvin, Dean Marvin, Winnie Marvin, George Gray and Chris Rault. We had great visits with Ervin and Carol through the years. Ervin was a gentle soul with a great laugh. He enjoyed every minute of life. John Campbell from Martensville visited his mother Joan Campbell Saturday, Oct. 1.

I had reported in the Sept. 26 news that Audrey Ferber was visiting her sister Evelyn Selby and other relatives. I gave Calgary as where she was from. It should have been Black Diamond, Alta. Sunday, Oct. 2, Joan Campbell attended the 90th birthday party at the Coachman in Saskatoon for a good friend and neighbour from Emma Lake, Joan Wright of Saskatoon. It was a nice afternoon of cinnamon buns, tea, coffee and visiting. Cindy and Mona Frederickson from Edmonton were home visiting their mother Iris Frederickson. While here they helped to do some fall cleanup for their mom. Simply Kitchen will be closed Oct. 3 to 11. Thanksgiving, what a heartwarming time of year, when the harvest is in from the field, to count all our blessings and offer our thanks for a rich and bountiful yield.

Wildcats claw back to defeat Sabres during night game

■ Daniel Bushman

On a beautiful Thursday evening, the Winston Wildcats hosted the Hanley Sabres as part of an under the lights game. With the blue and gold coming off recent wins over Davidson, Assiniboia and Caronport, the team turned its focus toward Hanley Sept. 29.

With a fairly young roster for 2022, the Wildcats went to work in the opening half, but partway through the second quarter, found themselves down 16-8. Despite being down, the home team replied with a major late in the frame before the Sabres were able to add to its lead with 1:45 to go. Down 24-14 and with time running out in the first half, Watrous pushed the ball down field and adding a touchdown, trailed by just two after two.

In the third quarter and after making a few halftime adjustments, the Wildcats notched a major to take a 30-24 lead. Looking to keep the momentum going, the blue and gold then added another tally, this time with 9:53 remaining in the fourth quarter to push the score to 38-24.

After putting 24 on the board in the opening two quarters, the Sabres sought its first points of the second half and with 1:53 on the clock, scored to make it 38-32 with the added convert. After a punt by the Wildcats late in the quarter, Hanley began at its own 20-yard-line with 1:02 to play. Aided by a penalty, the Sabres moved the chains but after an incomplete pass on second down and another toss going incomplete on third down,

the Wildcats would regain possession with 39 seconds left. In victory formation, Watrous quarterback Kade Thomas would run the clock out and the blue and gold would take a 38-32 victory under the lights.

With fans filling the bleachers and sidelines opposite of the two teams, head coach of the Winston Wildcats Barry Croshaw

said the whole night was a great experience. “There was such tremendous support from our community in terms of not only all the people that came to watch but also the awesome financial support we got from all of our sponsors as well as the parents that helped get the lights into and out of the city.”

As far as the game itself, Croshaw felt the team played its best of the year against a very good Hanley crew. “We moved the ball very well on offence and our defence played well and

with the exception of a few long plays, really were solid. I think if we keep making improvements weekly it will bode well for us in the upcoming month.”

Following a scheduled

exhibition game in Rosetown Oct. 7, Croshaw said league playoffs begin at home this weekend but as of early last week, was not sure if it will be a Friday or Saturday game.

CARBON DIOXIDE
FIRE EXTINGUISHER

WHEN AND NOW TO USE A FIRE

Extinguisher

Most fires start small, but can triple in size in just 1 minute. Knowing how to operate the fire extinguisher and practicing ahead of time can help you act fast in case of a fire emergency.

1 – FIGHT OR FLEE

IF YOU HAVE ANY DOUBT, GET OUT!

- If the fire is contained to a single object, you may want to use a fire extinguisher.
- Alert your family members of the fire FIRST before using the fire extinguisher.
- Make sure your escape route is not blocked by the fire in case it grows too large.

2 – CALL THE FIRE DEPARTMENT

Call 911 rather than calling the fire department directly, they will be able to contact and send the correct emergency services.

3 – USING THE EXTINGUISHER

PULL THE PIN

AIM AT BASE OF FIRE

SQUEEZE THE LEVER

SWEEP SIDE TO SIDE

Remember to PASS

Pull the pin - **A**im at the base of the fire - **S**queeze the Lever - **S**weep the nozzle from side to side.

Important Notes on Fire Extinguishers

- When you buy a fire extinguisher, look for one labeled A-B-C, this type can put out most fires that may happen in a home.
- Make sure you buy a fire extinguisher that you are able to hold and operate. Some can be quite large and heavy and may hinder your ability to put out the fire.
- Keep your fire extinguisher easily accessible.
- Read the directions and know how to operate the fire extinguisher. You won't have time to read the directions when a fire starts.

4 – AFTER THE FIRE

Once the fire has been fully extinguished, and your moment of triumph has passed, you may realize you're left with big mess. When cleaning, make sure you wear gloves and eye protection as the extinguishing agent can be mildly corrosive and may irritate or harm your skin. The best way to clean up the foam is with a vacuum. Use a damp cloth to clean any remaining foam or residue. You may need to use an air freshener or odour-eliminating products to get rid of the harsh smell of the extinguishing foam. **Don't forget to replace your fire extinguisher!**

In memory

WALKER - In loving memory of Leslie, Oct. 14, 2019:

Those we love don't go away,
They walk beside us every day.
Unseen, unheard, but always near.
Still loved, still missed, always dear.
- Love Freda, Jarret, Rhett and families.

Thank you

On behalf of the entire Gross family, we would like to thank the community of Watrous and area for the incredible compassion shown towards us after the passing of Ervin Gross. We were overwhelmed by your generosity in the form of food, flowers, donations, visits and hugs! Obituary

SODERBERG, Lennart Axel
Feb. 7, 1946 - Sept. 28, 2022
Lennart Axel Soderberg, aged 76 years, passed away at Manitou Lodge, Watrous, Sask. on Wednesday, September 28th, 2022.

Lennart was born during a massive snowstorm near Young, Sask. on February 7, 1946 when the rail line to Saskatoon was blocked and his mother Melsey bravely boarded the train alone to Simpson, Sask. where a midwife was available to help with the delivery of number seven out of eight children. Lennart grew up on a farm outside Young and also attended school in Young. He worked as a farm labourer as a young man. Later he worked at the Allan Potash Mine as an apprentice electrician when he was in a car accident that changed his life. He suffered a spinal cord injury and was not supposed to walk again, but miraculously regained limited mobility. However, he was not able to work again. Lennart had a great sense of humour that lasted his entire life and helped him through the tough times. He had a profound love of his family, his siblings, their spouses and extended family. He was a real people person. He took a genuine interest in all his family's and friends activities and lives. He had a passion for hunting, fishing, camping and bird watching. He enjoyed getting together for a coffee or a rum, playing card games and gossiping with his buddies. He also enjoyed watching movies and sports including his favourites hockey, football and baseball. Lennart was diagnosed with Parkinson's disease over a decade ago. The progression of that disease, coupled with previous injuries from his car accident led to his entering long-term care. He resided in Manitou Lodge since the beginning of 2018 and although the loss of independence was a low point for him, he remained positive, enjoyed a good visit and good joke. In true Lennart fashion, he made friends with staff and residents. He was a truly exceptional man and will be deeply missed.

He is survived by his daughter Corrina (Dwight) Hayter, his granddaughters Kora (Jamie) Gullacher and their son Rhett Axel and Daphne (Noah) Buchanan. He is also survived by three siblings; brothers Ralph Soderberg and Butch Soderberg, sister Doreen Grzenkowicz; sisters-in-law Iris Soderberg, Astrid Soderberg, Ruby (Soderberg) Regier; and brother-in-law Fred Brust. He leaves behind numerous nephews and nieces.

He was predeceased by his son Tage Lennart (infant), his father Arthur Soderberg, his mother Melsey (Johansson), his brothers Henry Soderberg and Verner Soderberg, his sisters Mavis Brust and Janet Hagel; sister-in-law Eileen Soderberg, brothers-in-law George Hagel and Steve Grzenkowicz.

Celebration of life service was held at Young Community Hall on October 3 conducted by Lorne Thoen.

Honorary pallbearers were all those who loved him. Kyle Soderberg was urnbearer. Register attendants were Denise Dewey and Colleen Johnson. Gwen Murray and Ross Murray were ushers. Eulogy was given by Corrina Hayter. Christina Thoen was the soloist. Pianist was Shelley Engele.

Private family interment followed at Young Cemetery.

Memorial donations directed to Saskatchewan Wildlife Federation would be appreciated.

TWM AROUND THE WORLD

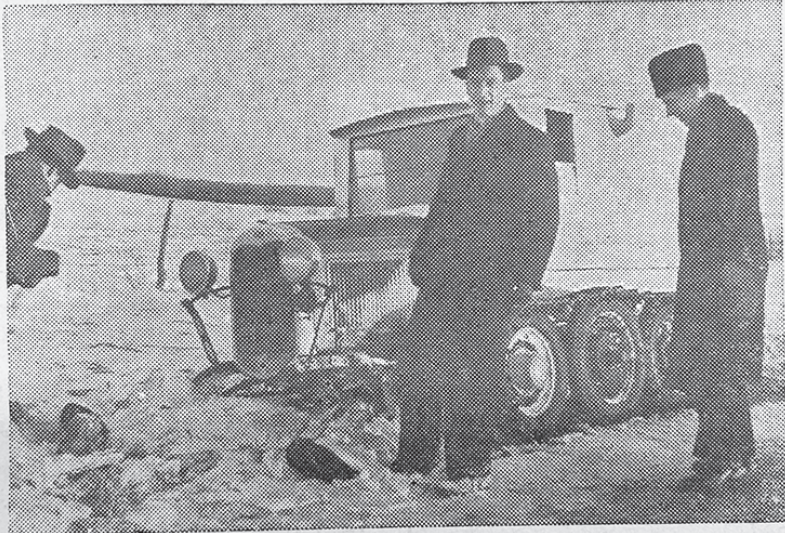

► This week's TWM Around the World is headed south of the border. In September, Earl Hayhurst of Watrous took along an edition of The Watrous Manitou while he enjoyed Riot Fest in Chicago. Thanks for thinking of TWM during your travels! If you head somewhere, grab an edition of TWM and get a picture with it and we will do our best to post it online and in the paper. You can send your photos to the newspaper at twmadvisornews@gmail.com or drop them off at our office.

A Moment in Time: from TWM's archives

MARCH 14, 1946

The Battle With the Snow

One of the heaviest snowfalls in recent years had blanketed the prairies when the recently appointed full-time chairman of the Canadian Broadcasting Corporation, Mr. A. Davidson Dunton, of Montreal, arrived to begin a tour through the principal centres of this region. Travelling from Saskatoon to Watrous (62½ miles on the main line of the CNR) Mr. Dunton came "the long way around," journeying to Colonsay and Renown, then completing the trip in Dr. Stipe's snowmobile, piloted by Pete Pawluk. Even the snowmobile did not quite make it. Here it is, at a point about six miles out of Watrous, firmly ensconced in the ditch. Mr. Dunton (centre) has just finished his trick of digging, and has relinquished the shovel to R. L. (Dick) Punshon, chief engineer at CBK. On the right is J. R. Finlay, of Winnipeg, CBC's prairie regional representative.
