

**SILVERFOX,
Willy**

Willy passed away at home in Watrous on Mar. 10, 2025. Willy was first and foremost a “people person”. He went for coffee to the spa at Manitou Beach and would meet people from Manitoba, Saskatchewan (La Ronge to Regina) etc.

He would come home and tell me I met people

from — but could not remember names most of the time. He loved me (Betty), his kids and his grandkids. Then came golf, hockey (Edmonton Oilers), baseball (Toronto Blue Jays) and of course music. When we met in the Yukon, he was lead guitarist in a band. Then later in life got himself a keyboard which he loved to play and played at many seniors residences in the area. All his music ability was by ear (he could not read a note). We also travelled a lot for sons and grandsons hockey besides local senior and some Saskatoon Blades games. His pride was his Mission School hockey team in Whitehorse. His outgoing personality appealed to young and old alike. He was a skilled carpenter. For many years he worked for Everall Construction, a road construction company in Alberta.

He leaves an empty space for many but will always be remembered for his silly antics.

“Rise high with the Eagle Spirit”

Martens Warman Funeral Home is honoured to be entrusted with the care and arrangements for William.
